

This image shows a dark, vertical strip with a heavily textured and mottled appearance. It resembles the cover or binding of an old book, with various shades of black, grey, and brown. There are numerous small, light-colored specks and larger, irregular patches of discoloration throughout the material, suggesting age and wear. The texture appears rough and uneven.

Fighting in Front of Ypres of Sere Character.

**BATTLE WITH A JELLY FISH.**  
SANTA BARBARA, Nov. 11.—G. H. Wilson lies at the Cottage Hospital in a critical condition from an appalling and unusual encounter as has ever taken place here. He had a life and death struggle with a huge jelly fish. Four hundred feet from shore off Santa Barbara, Wilson, who is senior partner of the firm of Wilson & Schwab, automobile men of this city, was suddenly attacked.

He saw before him what he says looked like a great sheet of butter and eggs. Suddenly strips of yellow and white began to separate from the mass and extend toward him. He turned to swim out of reach, when the creature threw its tentacles about him and the mad fight was on. In the struggle Wilson broke the mass into fragments, but reached shore exhausted, and his face and shoulders stinging as though from scalds.

At the hospital tonight it was said that the patient is getting along favorably. His pain at times was so intense that morphine had to be administered. His shoulders and face resemble one mass of poison oak burns.

The Germans gained ground slightly, obtaining possession of Neuve Chapelle.

The inundation around Nieupoort had by this time reached the enemy's trenches, and it is stated that heavy guns and some field artillery had to be abandoned in the mud.

The third was, on the whole, a comparatively uneventful day, which enabled our troops to get a much-needed rest. In front of Ypres the German Infantry ceased to press, but to the south, in the neighborhood of Wytschaete and Hollebecq, they made unsuccessful attempts to get forward, and counter-attacks being delivered by the French and British. In this quarter the fighting was of a severe nature.

"South of the river there were some minor attacks against our trenches which were beaten off. It seemed that the violence of the German efforts was abating, even the cannonade being in some places less heavy than it had been."

**CLOSE BROUGHTON STRAIT.**  
Western Portion Shut off Near Vancouver Island for the Purposes of Defense.

OTTAWA (Ont.) Nov. 11.—It was officially announced today that the western portion of Broughton Strait, near Vancouver Island, had been closed to navigation for purposes of defense. Shipping has been notified that vessels between Johnston Strait and Queen Charlotte Sound must take the Waypoint passage and Black Fish Sound. Vessels going by way of Eliza Point Channel are in danger of being fired on, it is announced. While no reason was assigned for the action, it is popularly believed to be due to apprehension as to possible attack from the German fleet that defeated British warships recently off the coast of Chile.

**MUST DEVIATE COURSE.**  
SEATTLE, Nov. 11.—The closing of Broughton Strait, north of Vancouver Island, by the Canadian government, will oblige all shipping using the inside passage to Alaska to deviate and follow the outside route, it was announced today. The Black Fish Sound route is quite feasible, however.

Although no German vessel has yet entered the North Pacific and although the British cruisers Newcastle, Swiftsure and Rainbow and the Japanese cruiser Idzumi are patrolling the coast of the people of Victoria, Vancouver and Prince Rupert have been extremely nervous over reports that the way was open for a German naval attack on their cities. The Strait of Fuca, near Victoria, has been mined and have been placed commanding the narrow near Vancouver and other defensive steps taken.

**JAPAN OFFERS PEACE PRAYERS.**  
RESPOND TO WILSON'S APPEAL ALTHOUGH INVOLVED IN EUROPEAN WAR.

WASHINGTON, Nov. 11.—Prayers for peace were offered in Japan in response to President Wilson's peace Sunday proclamation last month, although Japan is one of the belligerent powers in the great war. Word of this came to the American Red Cross headquarters here today in a letter from M. S. Togo, secretary of the Japanese Red Cross.

"I wrote an article endorsing his proclamation," wrote Mr. Togo, "and had it printed in our papers prior to that day (October 4) asking the general public to unite with the Americans and repair to places of worship and at the same time persuaded missionaries and churches to follow the example. I am glad to tell you that many churches responded to my motion on that 4th of October."

A letter from Baron T. Onawa, vice-president, told in detail of the Japanese Red Cross work. Detachments of surgeons and nurses have been sent to Russia, France and England, and quantities of hospital supplies to Belgium and Serbia. Two hospital ships have been caring for German and Japanese wounded around Kiao-Chow.

**JAP WARSHIPS QUIT HONOLULU.**  
HONOLULU, Nov. 11.—The Japanese battleship Hizen and cruiser Asama, which entered this port a little less than twenty-four hours ago for coal and provisions, left here early today for an unknown destination. Rumor has it that the Japanese fleet that the warships will rendezvous with a Japanese fleet near the coast of Chile, where it is supposed to be seeking the German cruisers which defeated Rear-Admiral Sir Christopher Cradock's squadron.

Two Japanese merchantmen at Hilo are due to clear shortly, but in view of the sinking of the Emden, and the known presence of the remainder of the German Pacific squadron off the coast of South America, it is not believed the Hizen and the Asama will be detailed to convey them in those districts.

**DOUBTS WAR LASTS LONG.**  
English Premier Gives Hope for Early Peace.  
Declared Chance for German Victory is Passed.  
Pope Shortly to Start Move to End Hostilities.

LONDON, Nov. 11.—In a speech delivered in the House of Commons today, after the opening of Parliament, Premier Asquith declared he doubted that the war would last as long as some people originally predicted, but that it would last long was certain.

"However, the longer it lasts," continued the Premier, "the more the great resources and strength which the empire possesses will be available to fill the gaps, to replace the losses and to maintain our position. The empire is on trial, and the experience of the last three months have inspired us with the confident hope that the longer the trial lasts the more clearly will we emerge from it as the champions of a just cause."

Mr. Asquith expressed warm appreciation of the support which the government had received from all parties. England is engaged in an unprecedented contest, he said, and, regarding the justice of her share in this, there is no difference of opinion in any part of the empire. The country has gone through much, has learned much, has seen her troops hold a position of difficulty and danger, the Premier continued, and he has seen the designs of the German Emperor.

Regarding the sending of British marines to Antwerp, just before the fall of that city, the Premier estimated that Winston Spencer Churchill, First Lord of the Admiralty, subsequently would make a more detailed statement of the expedition as a whole. Mr. Asquith said that the expedition was a material and most useful factor in the conduct of the campaign.

The Premier pointed out that the number of men authorized by the three votes of the present year for the regular army—not territorial—was 1,154,000. Of that total but 100,000 already are in the service of the crown.

A committee of inquiry composed of all parties will be appointed to consider allowances to those dependent upon soldiers.

On Monday next, said Mr. Asquith, David Lloyd George, Chancellor of the Exchequer, will lay before the House of Commons his financial proposals including the question of a loan for which the government is going to ask the authority of the House on Tuesday. There will be a vote of confidence in the government and an additional vote for men.

Speaking in the House of Commons on the address in reply to the speech from the throne, A. Bonar Law promised the government the unflinching support of the opposition in prosecuting the war. The opposition leader said:

"We stand in a better position now than at the outbreak of the war. The only chance for victory by Germany was that she should win before the resources of the allies were available. She has failed, and failed on both fronts."

Bonar Law emphasized the importance of the financial position and said that already the effects were being felt in Germany. This was shown by the rate of exchange and this would become more evident as time progressed. As soon as Germany realized that she must be beaten, he declared, economic forces would work with a pressure which there was no conception.

The leader of the opposition wished to know why a British naval force went to Antwerp, why the First Lord of the Admiralty, Winston Spencer Churchill, accompanied a military expedition instead of Field Marshal Earl Kitchener, Minister of War, and something more about the naval disaster off the Chilean coast.

**POPE WILL TRY TO BRING PEACE.**  
LONDON, Nov. 11.—Telegraphing from Copenhagen, a correspondent of the Central News says:

"A dispatch received here from Cologne affirms that the Pope shortly will endeavor to initiate negotiations for peace through the medium of a pastoral letter."

"The German view of this is that any such action by His Holiness would raise the question of the Pope's temporal power and force Italy into taking an attitude against the proposal."

**SIEGE DECLARED IN NETHERLANDS.**  
LONDON, Nov. 11.—A dispatch to Reuters' Telegram Company says that certain points in Friesland and Groningen provinces in The Netherlands, along the Ems and the Frisian Islands, have been declared in a state of siege, in order to prevent illegal exportation.

**EXPELS NEWSPAPER MEN.**  
AMSTERDAM, Nov. 11 (via London).—The Netherlands military authorities have issued orders that all foreign newspaper correspondents leave the Province of Zeeland.

The Netherlands Province of Zeeland is directly north of Antwerp. Through it flows the river Scheldt from Antwerp to the sea.

**FOOD LANDED FOR BELGIANS.**  
LONDON, Nov. 11.—The relief ship Tellus, chartered by the American Commission for relief in Belgium, landed 1200 tons of food in Rotterdam today. Three thousand tons of foodstuffs have been rushed to Liège, Namur and other remote points, where the distribution already has begun in an effort to relieve the acute want in those districts.

**Violation of Neutrality.**  
(Continued from First Page.)

Colombia, by means of which it received information as to the movements of the enemy's ships and made arrangements regarding supplies.

An even more serious charge, and one which unconsciously constitutes a violation of neutrality, if true, is that the German vessels have been making use of one of the Galapagos Islands as a base of supply. These islands belong to Ecuador and, being opposite the entrance to the Panama Canal, have a strategic value recognized by the United States in several tentative efforts to purchase the islands and also by steps to prevent their falling under the control of other powers. The British representations on this subject were warmly welcomed to the State Department because of the number of embarrassing and delicate questions involved. Consequently, it is probable the State Department will be very slow to move in response to the British representations.

**Albion.**  
**HEEDS OPINION OF AMERICA.**  
ENGLAND WANTS SUPPORT ON PURELY MORAL GROUND.

King George Opens Parliament with Speech from the Throne in Which He Declares War will be Prosecuted with All the Resources of the British Empire.

LONDON, Nov. 11.—Londoners today thronged the route of the royal procession to Westminster Palace, where King George opened Parliament, and a wave of patriotic cheering followed the King and Queen as they started to the finish of their drive.

Viscount Bryce, in seconding the address in the House of Lords, referred appreciatively to the attitude of public opinion in the United States, which, he declared, was a country able to judge wisely the questions at issue. It was upon moral grounds, he said, that his support was given, and this was therefore more highly prized.

The war, said Viscount Bryce, had become a struggle of ideals—the ideal of a military state resolved to dominate all the neighboring countries, and the ideal of peaceful communities dwelling in tranquility under the protection of treaties. In the conflict of principles there could be no end until one or the other triumphed.

There could be no talk of peace at present. A peace patched up now would be a peace of mere truce, during which the contending nations would begin to prepare for a renewal of the struggle.

The Earl of Crawford, Unionist, urged more strenuous methods to get rid of German spies. He asserted that the victory of a great naval base of Roanoke they had a well-organized system, by means of which they signalled ships at night. There had also been disclosures of the secret admission of a private post system between Fife and ports of Germany.

**KING'S SPEECH.**  
In the speech from the throne King George said:

"My lords and gentlemen: The energies and sympathies of my subjects in every part of the empire are concentrated in the prosecution of a victorious issue of the war in which we are engaged. I have summoned you now to order that, sharing as I am aware you do, my conviction that this is a duty of paramount and supreme importance, you should take whatever action is needed for its adequate discharge."

"Since I last addressed you the area of the war has been enlarged by participation in the struggle of the Christian Empire. In conjunction with my allies, in spite of repeated and constant reverses, I strive to preserve in regard to Turkey a friendly neutrality. Bad councils and alien influence have driven her into a policy of wanton and defiant aggression, and a state of war now exists between us. My Muslim subjects know well that our war runs with Turkey has been forced upon me against my will, and I recognize with appreciation and gratitude the proofs which they have rendered to us of their loyal devotion and support. My navy and army continued throughout the area of conflict to maintain in full measure their glorious traditions. We watch and follow their steadfastness and valor with thankfulness and pride, and there is throughout my empire a fixed determination to secure, at whatever sacrifice, the triumph of our arms and vindication of our cause."

"You will be asked to make due financial provision for the effective conduct of the war, and the only measures which will be submitted to you at this stage of the season, such as seem necessary to my advisers for the attainment of the great purpose upon which the efforts of the empire are set. I confidently commend them to your patriotism and loyalty and I pray that the Almighty will give His blessing to your counsel."

**GERMAN CRUISERS SEEN OFF CHILE.**  
LIMA (Peru) Nov. 11.—A telegram from Talca, Chile, says that a steamship arriving there reports that when off Coquimbo, Chile, she sighted four German warships steaming north.

Coquimbo is about 200 miles south of Talca, and allowing for the time of the steamer's passage between the two ports, the warships may have been seen on Saturday and Sunday. Coquimbo is about 450 miles north of Coronel, off which the naval engagement of November 1 was fought.

**POSAM QUICK TO STOP THAT AWFUL ITCH.**  
If you feel as though you would give anything just to relieve itching distress, remember that Posam actually stops itching as soon as applied, and what is more, quickly heals and restores the skin to health. Brings just the soothing, antiseptic, healing influence needed. Controls and eradicates Eczema in all its forms. Readily removes Pimples, Complexion Blemishes, Itches and all surface affections.

Your druggist sells Posam. For free sample write to Emergency Laboratories, 22 West 25th Street, New York.

Posam Soap, medicated with Posam, improves the skin with its daily use, for toilet and bath. 25 cents and 15 cents.

**AMERICAN SHIPS BELIEVED SAFE.**  
NAVY OFFICIALS DISMISS FEAR THAT ONE OF THEM STRUCK A MINE.

WASHINGTON, Nov. 11.—Efforts of the Navy Department to communicate with the cruisers North Carolina and Tennessee off the coast of Turkey had been unsuccessful up to a late hour tonight. Secretary Daniels announced, however, that navy officials had dismissed any anxiety they may have felt over rumors circulated yesterday that one of the cruisers had struck a mine. He said that if such a thing had happened, the department would have been informed before the end of the day. The cables and other difficulties of communication.

**ANOTHER RELIEF SHIP TO SAIL.**  
WASHINGTON, Nov. 11.—Arrangements were completed at the American Red Cross headquarters today for the sailing of another Belgian relief ship, the Norwegian steamer Thelma, which as the result of a Philadelphia newspaper campaign is about to start from Philadelphia with 2000 tons of food supplies consigned to American Minister Van Dyke in Holland.

**KANSAS TO GIVE WHEAT AND CORN.**  
TOPEKA (Kan.) Nov. 11.—In an appeal to Kansas farmers today Gov. Hodges urged that they donate a million bushels of wheat and more than a quarter of a million bushels of corn for the aid of the suffering Belgians. He asks that Thanksgiving Day be set aside as a day of giving, and urges that every crop producer in the State give a portion equal to one bushel of wheat or corn for every 100 bushels produced.

**Cost Fence Two Dollars.**  
SACRAMENTO, Nov. 11.—The affidavit of Wallace Pence, prohibition candidate for Governor, showed he spent \$2, while that of George Wood, Socialist candidate for Governor, showed he spent \$100.

# NEW MONOPOLY BY HOLLAND

## Government Takes Charge of Foodstuffs Imported.

### American Millers Protest State Department.

#### Shipments May Still Be Made in Neutral Vessels.

(BY A. P. MARY WHELAN)  
WASHINGTON, Nov. 11.—The government has created a practical monopoly of the importation of foodstuffs from the Netherlands of flour, cereals and cattle foods. The department announced tonight that the Netherlands government had entered into a contract with the American millers, the only one of its kind in the world, whereby the Netherlands government would guarantee the American millers the right to ship their flour to the United States in neutral vessels, and that the American millers would agree to supply the Netherlands government with flour for its own consumption.

The department announced that the Netherlands government had entered into a contract with the American millers, the only one of its kind in the world, whereby the Netherlands government would guarantee the American millers the right to ship their flour to the United States in neutral vessels, and that the American millers would agree to supply the Netherlands government with flour for its own consumption.

# WOOL EMBARGO STILL STAYS

## Great Britain Unwilling to Modify It.

(BY A. P. MARY WHELAN)  
WASHINGTON, Nov. 11.—The British government has refused to modify its wool embargo against the United States, despite the fact that the United States government has offered to lift the embargo if the British government will do so.

The British government has refused to modify its wool embargo against the United States, despite the fact that the United States government has offered to lift the embargo if the British government will do so.

The British government has refused to modify its wool embargo against the United States, despite the fact that the United States government has offered to lift the embargo if the British government will do so.

# Classified Liners.

The following are the names of the liners classified by the United States government as being under the control of the Netherlands government:

1. The *Amsterdam*, a Dutch liner, is to be used for the transport of flour from the Netherlands to the United States.

2. The *Rotterdam*, a Dutch liner, is to be used for the transport of flour from the Netherlands to the United States.

3. The *Antwerp*, a Dutch liner, is to be used for the transport of flour from the Netherlands to the United States.

4. The *Brussels*, a Dutch liner, is to be used for the transport of flour from the Netherlands to the United States.

5. The *Luxembourg*, a Dutch liner, is to be used for the transport of flour from the Netherlands to the United States.

6. The *Liège*, a Dutch liner, is to be used for the transport of flour from the Netherlands to the United States.

7. The *Charleroi*, a Dutch liner, is to be used for the transport of flour from the Netherlands to the United States.

8. The *Wavre*, a Dutch liner, is to be used for the transport of flour from the Netherlands to the United States.

9. The *Braine-le-Château*, a Dutch liner, is to be used for the transport of flour from the Netherlands to the United States.

10. The *Marquise*, a Dutch liner, is to be used for the transport of flour from the Netherlands to the United States.

## CITRUS FRUITS' GREAT FUTURE.

Will Pay Ninety Millions a Year, Prediction.

Southern Peach King Talks to Growers Here.

Proposed Farm Credits Plan Told at Convention.

California is scheduled to produce and ship annually to the markets of the United States the mammoth total of 100,000 carloads of citrus fruit, worth more than \$90,000,000, before the end of the coming decade, as against the present output of 46,000 carloads valued at \$44,000,000. This is the thrilling prediction made by J. H. Hale of Fort Valley, Ga., the most prominent peach grower in the world, in his address at the morning session of the California fruit growers' convention yesterday.

The only proviso placed upon this fantastic stride of the orange industry was that the remarkable scientific cultural methods of the growers, and the highly efficient marketing agency, which distributes the crop, should be maintained in their existing perfection and improved, to keep pace with changing conditions in coming years. The unusual significance of this optimistic forecast for California's citrus industry is emphasized in the fact that it is known that Mr. Hale predicted in 1930, from the little data at hand, that the Golden State would ship 10,000 cars of citrus fruit ten years hence. This was more than confirmed in the actual shipment of 28,000 cars of oranges and lemons in 1934. At the time of that prediction Mr. Hale was acting for the United States Department of Agriculture in a special study of the citrus industry of California and Florida. Peculiar to state, the publishing of his bulletin in Washington which contained the prophecy of California's future in orange growing, brought a storm of protest from growers who feared that the prophecy would result in a glut of the market and thereby unwarrented estimates of the situation.

FRIEND MEETS FRIEND. When the old Normal auditorium was opened yesterday morning the eager throngs of fruit growers hailing from every one of the State's fifty-eight counties there assembled for a considerable time a get-together meeting of many old and young cronies who had not seen one another since the last convention, held in 1914 at Davis. A spirit of fraternity and common interest seems to animate the growers attending the convention quite as much as intense interest in the educational phase of the meetings. In one impressive case an eastern horticulturist, visiting in California solely to be present at the convention was reunited with an old friend living in Southern California whom he had not seen for twenty years.

The address of welcome by President Cole of the Los Angeles Chamber of Commerce, who presided over the opening session, was a masterpiece of hospitality and good will to the visiting growers that evoked vigorous applause. Dr. A. J. Cooke, state commissioner of Horticulture, and chairman of the day, responded in behalf of the growers.

He then introduced a distinguished guest Mr. Hale, the great peach authority of Georgia, who, in addition to painting such a picture of the citrus industry in California, lauded the State's success in the production of superior varieties of deciduous fruits. In the course of his lengthy speech, which was spiced with much jest, frequently at the expense of the western growers, Mr. Hale asserted that to California, the New England peach-raising States owe much of what they have learned in methods of packing and shipping.

He especially attributed the introduction of early and more profitable varieties of peaches on the Atlantic Coast to the influence of enterprising growers in California, who had the eastern market for peaches in June and July controlled until the growers in the eastern sections followed their example. That the extreme distance of California's markets for fruits and other soil products has been largely responsible for the perfection of California's packing, shipping and marketing methods is the opinion of Mr. Hale. He calls on growers in the Far West to be grateful to the great transportation lines for connecting them with markets which otherwise would not have been available.

FOR FARMERS' WIVES. An interesting feature of the session was the report of Miss L. D. Clark of Berkeley on the work of the College of Agriculture among farmers' wives, valuable service having been rendered in every part of the State through bulletins on jelly-making and fruit canning.

A special programme devoted to the consideration of semi-tropical fruits was held in the parlor of the Hotel Clark, which was attended by a considerable number of enthusiastic growers of these more or less rare varieties of fruits. F. O. Popenoe of Altadena, who is considered a reliable authority on this subject in the entire country, discussed the semi-tropical varieties which are promising in California. Semi-tropical fruits also were the subject of a paper by C. P. Taft of Orange. A. J. Shambelin of Mecca closed the programme with a valuable technical talk on "Combating the Parasitic Scale."

At the opening of the afternoon session there was a talk by Col. H. Weinstein, a prominent San Franciscan, who has for many years been intimately concerned with agricultural progress in the northern part of the State, chiefly as to conditions, marketing conditions, farm credits and labor problems.

Col. Weinstein is a member of the Federal Commission on Industrial Relations and will be remembered as a member of the committee which investigated labor conditions in Los Angeles a few months ago. The substance of the text of a proposed bill on standardization of the grading of fresh fruit packed for shipment out of the State. The contention of Col. Weinstein in supporting the bill was that large quantities of inferior fruit are constantly shipped into the discriminating eastern markets and give bad impression of the real standard of California fruits. He said the elimination of inferior fruit would eventually recompense the growers for the loss of rejected fruit by an appreciable increase in price and expansion of markets.

"Standardization of Varieties" was

J. H. Hale.

The "Peach King of the World," who declared yesterday at the Fruit Growers' convention that California within a few years will increase its production of citrus fruit to 100,000 carloads annually, worth \$90,000,000.

the topic of Prof. C. L. Lewis of Corvallis, Ore. "Uniform Horticultural Laws" was the text of an interesting paper by M. McDonald of Portland, Ore., in which he appealed for the support of the California growers in bringing about an interstate agreement on the Pacific Coast as to the uniformity of quarantine and other horticultural laws affecting the control of insect pests.

The closing number of the afternoon programme was an exposition of marketing methods in the light of present market conditions.

WOMEN'S MEETING.

A programme chiefly of interest to women was held in the parlor at the Hotel Clark. "Jelly-making" was the topic of Mrs. Hilda B. Nielson of Sebastopol, and "Fruit Canning" of Mrs. Sara Roberts of Grass Valley. Both lectures were illustrated with samples of scientifically prepared jellies and canned fruits.

An address of interest featured the evening session in Col. Weinstein's discussion of farm credits. In his preliminary remarks Col. Weinstein explained that his interest in the question of affording farm credits to the farmers in California was the outcome of his trip to Europe in 1911 as one of the special commissioners appointed by President Wilson to represent this State in an investigation of farm credit systems in England, France, Germany and Italy.

Patterning on the example of European countries, a committee is formulating a system of bonding farm districts by the issuance of amortization bonds, which would enable farmers to secure funds for moving their crops and other purposes at low rates of interest and for long periods of time.

Prof. B. B. Pratt addressed the evening session on "Deaky in Fruit." F. W. Popenoe of Washington gave an illustrated lecture on the mango and E. O. Bang of Berkeley accompanied him with "Scale Insects" with lantern slides.

Hunt, Dean, Berkeley; "Horticultural Quarantine and the Parcel Post," A. S. Hart, Los Angeles.

## THREE HURT BY "JITNEY" BUSES.

TWO PASSENGERS INJURED IN COLLISION; THIRD FALLS WHEN CAR SKIDS.

Three persons who entrusted themselves to a 5-cent motor bus completed their journey at the Receiving Hospital last night. Two persons were injured and two automobiles damaged early last night in the collision of two of the jitneys on South Main street. The injured, Mrs. N. Hadley of No. 2403 Grand avenue and S. Paul of the Savoy Hotel at Second and Broadway, were taken to the Receiving Hospital and treated for lacerations and abrasions of the head, face and back.

According to the police who investigated the case, W. B. Johnson of No. 1811 Miramar street, who was driving one of the buses, was to blame for the accident. He is alleged to have cut the corner of Washington street as he turned his automobile into South Main street. The two passengers, who were riding in a bus driven by W. M. Farnsworth of No. 951 South Wall street, were thrown to the floor of the car by the force of the collision. The drivers were uninjured. No arrests were made.

Pitched from the running board of a 5-cent motor bus on San Pedro street near East First early last night, Jesus Barasa, 24 years old, of No. 1311 Mono street, was taken to the Receiving Hospital suffering from a dislocation of the left shoulder.

According to the injured man he was riding on the running board of a car, when the driver, who was a woman, skidded on the wet pavement. The driver, according to Mr. Barasa, stopped the machine for a moment and then drove away. It was a late hour last night the police had not learned the name of the driver.

## SET NEGROES TO CATCH A NEGRO.

THEY FIND QUARRY, CHARGED WITH HOMICIDE, HIDING IN AN ATTIC.

Hidden in the attic of a public hall at No. 1324 Central avenue, seven colored detectives early last night captured Clifton Chenault, 23 years of age, charged with the murder of Mrs. Ollie Givens, a colored woman, who was shot to death early Saturday in a late hour last night the police had not learned the name of the driver.

Since the shooting, Saturday night, the seven colored officers have been searching for Chenault, who according to them, had been paying marked attention to the woman. The detectives traced Chenault to the foot-hills beyond Glendale and then back to the scene of the crime.

Early last night they gained information that Chenault had been seen about the Central avenue district about the entire squad at once surrounded the house. Forcing William McKnight, the janitor, to open the door the detectives searched the building. Chenault was discovered hiding beneath a pile of old carpets in the attic.

Late in the evening, following the partial confession made by Chenault, the detectives arrested McKnight and booked him on a charge of assisting a fleeing felon.

## CHARITY UNION NEARLY FACT.

City-County Merger may be Realized Today.

Ordinance Ordered Drawn After Conference.

Need of Instant Action is Again Declared.

A well defined step toward bringing about consolidation of city and county charities was taken yesterday when a joint committee of Supervisors and Councilmen unanimously placed themselves on record in favor of the merger and requested the County Counsel and City Attorney to immediately draft an ordinance providing for the appointment of a superintendent of charities, and an advisory commission of seven members.

County Counsel Hill declared the ordinance will be ready for consideration at 4 o'clock this afternoon, when the joint committee will again meet to pass upon it. For the past two years practical charity workers and city and county officials have talked about consolidation of charities, but yesterday it was first time that any definite move had been made to this much desired end. Members of the joint committee made it plain yesterday that they want more action and less talk and if Chairman Fridham of the Board of Supervisors and President Whitfield of the City Council have their respective ways, the ordinance will go through with a rush this afternoon.

A BEAUTIFUL BOOK OF TRAVEL.

## DELIGHTFUL DALMATIA

By Alice Lee Moque. An American Woman's Experience in the Balkans.

A wonderfully interesting book about a picturesque country now in the path of the great European war. A delightful and intimate travel narrative of recent experiences in Dalmatia, with full description of its people, its scenery, its history, its art, its literature, its music, its customs, its manners, its politics, its religion, its science, its industry, its commerce, its agriculture, its fisheries, its mining, its manufactures, its transportation, its communication, its education, its social life, its domestic life, its public life, its private life, its past, its present, its future.

Are You Giving Your Body a Square Deal? READ "The House We Live In" A clever new book of talks on the body and the right use of it, by Dr. Wm. Elliott. You should give this book, read it, enjoy it, and profit by it. 12mo, cloth, 50 cents; paper, 25 cents.

Child Training as an Exact Science. By GEORGE W. JACOBY, M.D. Dr. Jacoby's long experience in child training, based on the principles of modern psychology, was urgently needed in the direct interest of parents. This work, which is fundamental to home training and school reading. 12mo, cloth, 50 cents; paper, 25 cents.

WILLIAM JENNINGS BRYAN'S GREAT LECTURES. The Four Great Themes: The Bible, Socialism, Democracy, and Human Rights. The most popular orator in the world. His most effective lectures and addresses which have been delivered before many great audiences. In five volumes, 12mo, cloth, 50 cents; paper, 25 cents.

The Bible and Universal Peace. The title is self-explanatory, and with the great war now raging, this is an exceedingly timely book. 12mo, cloth, 50 cents; paper, 25 cents.

English Synonyms, Antonyms and Prepositions. By JAMES C. FERNALD, L.H.D. This volume contains more than 8,100 classified and discriminated synonyms, with 4,000 classified antonyms, together with the correct use of prepositions indicated by illustrative examples. 12mo, cloth, 75 cents; paper, 35 cents.

Francis From Behind the Veil. By G. A. H. HARRIS. History of the past 50 years written from the inside of the intricate French political and social machine. 8vo, cloth, 50 cents; paper, 25 cents.

Emancipation. By DOROTHY A. BECKETT TERNELL. Another delightful story for young women. The story of the life of a young woman, who, after a long and arduous struggle, finally achieves her goal of freedom. 12mo, cloth, 50 cents; paper, 25 cents.

## Predict New Records.

Continued from First Page.

canal or else they would be swept out of all transcontinental business."

## THE TELEGRAMS.

Because they are the predictions of men who know, the telegrams received by the Traffic Association are given below.

C. F. Daly, vice-president of the New York Central lines, wired as follows:

"In reply to your inquiry as to outlook for travel to Pacific Coast the coming year, it is our belief that there will be heavy western business, notwithstanding the unfortunate doings in Europe together with the de-

pressed business conditions which have existed for some time. The normal attractions of California, supplemented by the expositions to be held at San Francisco and San Diego will cause a very large number of our people who have in the past spent the winter abroad to move westward during the year."

California should be favored with a remarkable travel, at least every indication in territory necessary New York Central lines fully justifies this conclusion, and I hope that you will assure all those concerned that no stone will be left unturned by our interests to make this result sure."

D. W. Cooke, vice-president and general traffic manager of the Erie, said:

"The Erie Railroad is using every resource at its command to advertise the expositions and California. Great interest is apparent. Prospects good. Our double track work completed affording splendid facilities for handling the traffic."

A. M. Cleland, general passenger agent of the Northern Pacific, said:

"Pacific spending over \$2,000,000 for new passenger equipment to properly care for flood of expositions travel expected next year. In addition to which our relations with Pullman Company enable us to call upon resources of that company for such necessary cars as we may find necessary. We expect volume of business will far exceed anything previously known in the West."

The telegram of A. C. Johnson, passenger traffic manager of the Chicago and Northwestern, follows:

"Travel to the expositions, which will of course be merged with the general travel, will be greater than the travel we expected would move prior to the European war. Business is rapidly resuming normal conditions and every indication points to a heavy American attendance. This time, in conjunction with its connections and acting in line with other railways, will meet all requirements in the way of transportation facilities, and preparations are in progress for that purpose. On the whole we predict an exceedingly large, steady movement during the year."

That of Samuel Moody, passenger traffic manager of the Pennsylvania lines, read as follows:

"I can only repeat what I said while on my recent trip to the Coast that travel to California during the season of 1915 will be the greatest ever known and especially will this be true from the Far East. We expect to do considerable advertising later on, and unless something unforeseen intervenes the travel will be a record-breaker."

A letter read by General Agent Wilson of the Union Pacific, said:

"Union Pacific reports that Traffic Manager Gerrit Fort, General Passenger Agents W. S. Bainger and S. A. Hitchcock, have made a complete tour within thirty days of California in order to obtain first hand information for the advertising campaign which their road will carry on in the East. Because this inspection was made in person the findings are not yet completed, but the Middle West has furnished so much food stuff for Europe that the agricultural districts are on strong financial basis, and a thorough canvass develops exceptionally heavy traffic prospects to the Coast during the winter and exposition period. Our passenger men of this road in the above territory are most optimistic."

Leading of the stadium at Exposition Park for series of shops and pavilions during the coming year will be recommended today to the 1915 General Committee of the Los Angeles City and County on Entertainment and Celebration of the Opening of the Panama Canal by Chairman Flint.

Most important of Mr. Flint's tentative plans is for a pageant of the Southwest, to be started probably in June under the direction of men who have saturated themselves with the flavor of the days of the padres and the pioneers. In this pageant the coming of the Spanish conquistadores to the then unexplored domain now comprising the Southwestern States will be shown, along with the Indian life of those days, and the important subsequent steps in the progress of these States downward to the present.

Head in hand with this pageant, and scarcely of less interest, will be a pageant of childhood. This will probably be staged under the direction of allied women and school organizations, with the Woman's Milling Club, the originators of the idea, taking a leading part.

A rodeo is also included in the plans, as well as a big open-air show of moving pictures in the making. This last will probably be given during March, the month that the President and his Cabinet officers are expected here.

"This is the capital of the moving-picture land," said Mr. Flint yesterday, "and no show of any kind would be more interesting to visitors than that giving the several stages through which a film must pass before being thrown on the screen. The idea is also one that the various concerns fully approve, and their co-operation is certain."

INTERESTS REALTY MEN.

A large representation of realty men is expected at today's luncheon and meeting of the Los Angeles Realty Board at the Hotel Alexandria, acceptances having been coming in to the secretary of the board from those who will attend for several days.

A programme of particular interest to real estate men has been prepared. F. O. McCormick, vice-president of the Southern Pacific; Fred A. Wann, passenger traffic manager of the Santa Fe, will be on hand to tell of the preparations that are being made by the railroads for the handling of the boats that will visit this Coast next year. John P. Carter will discuss the new "war tax."

## CANDIDATE GIVEN MORE VOTES THAN WERE CAST.

By Sleepy Officers.

THE six election officials in Los Angeles city precinct No. 89 looked at the 545 ballots stacked before them.

"Let's work in three shifts," suggested one of the men.

"The law says we must all be present all the time the count is being made," said one of the women, who had just finished reading the latest edition of "How to Count Election Ballots and Keep Your Temper."

The six officials counted three weary days and then turned in the tally sheets and the other paraphernalia that had been used. Yesterday the six were hailed before the Board of Supervisors to explain how it is possible for a candidate to receive 551 votes when only 545 votes were cast.

Then the whole story came out—how the six election officials were put to sleep long before one-tenth of the ballots were counted and tallied; how it was physically impossible for them to count continuously until the task was finished; how the eyes refused to remain open and the numbed and listless fingers loosed their grasp upon the pen.

"We were so tired and worn out that we just had to work in shifts," the officials told the Supervisors, who are canvassing the election returns.

The law requires that all members of the board be present all the time the count is being made," said Deputy Counsel Repp.

"But the law of nature says it can't be done," one of the officials replied. "The officials testified that half the board counted while the others slept or exercised in the outdoor air, and that as soon as fatigue had been

## Smart New Suits

\$18.50, \$20.00, \$22.50, \$25.00

Our Suit Buyer has just returned from New York City, where the latest ideas in women's apparel were selected as soon as they made their debut. Many have arrived—others are being received almost daily.

If you are interested in the selection of a new suit, you will certainly be interested in the "Ville's" modish models. Many of the latest suits have short coats, straight or circular skirts. Serge, gabardine, cheviot and broadcloth are the most fashionable fabrics in the collection. Loose box effects, in coats or belted styles, many fur trimmed, are in evidence.

## White Sport Coats \$16.50 and \$19.50

Newest models. Made from Worombo Chinchilla.

## Nobby Utility Coats

\$15.00, \$18.50, \$20.00, \$25.00

Fashionable coats for general wear, made from mixtures, invisible checks and boucle effects.

## Fashionable Dresses of Serge

\$12.50, \$18.50, \$20.00

Modish models made from wool serge or serge combined with satin.

## RADMAWR DRESSES

Students' School Dresses. Sold exclusively by the "Ville"

A new and nobby style dress designed particularly for school girls 16, 18 and 20. Made from fine quality, all wool French serge, in navy or black. Price \$17.50.

## New Camp Fire Dresses

These are made for students' wear also. One model has full plaited skirt, middie blouse, laced over hips and at neck with red cord. Navy or black serge. Sizes 12 to 18 years. Price \$12.50.

## TREND OF THE FINANCIAL NEWS.

CHIEF EVENTS OF YESTERDAY.  
(At Home): With the announcement of the removal of all restrictions on curb trading in New York came a jump in prices of from one to ten points and a general increase in the volume of business transacted. The removal of these restrictions is believed to be a forerunner to the reopening of the Stock Exchange within a short time. An increased export of wheat and corn came a jump early, but later peace talk took away the gains, although on the following reaction the losses were nearly all regained. A much healthier tone in general business is reported from industrial centers. Bank clearings in Los Angeles were nearly \$2,000,000 more than on the corresponding day a year ago.  
(Abroad): English banks were making time loans freely at current rates. The demand for American grain was also making. In Berlin it is said gold and notes have steadily increased in the Reichsbank until reserves are nearing their highest mark.  
(For details see financial page.)

## A CONTRAST.

The California fruit growers in convention here assembled must have had a joy in contrast when they chose potatoes and citrus fruits as subjects for consideration on the same day. One is all sunlight and one isn't. One is at the top of things and the other at the bottom. By the way, the name of the potato expert who did the talking is Grubb.

## THE TEA BUSINESS.

Selling tea seems to be more profitable than drinking it, and perhaps raising it would be as much pleasure. Half a million dollars' worth was forwarded from this city to the East in two trainloads Tuesday afternoon. It came originally by steamer from the Orient. If none of the present brands will grow in this country it would be a good idea to develop a California variety.

## STRAIGHT FOR THE GOAL.

Villa seems to be making a move in the right direction when he heads his forces for Mexico City. If he ever takes it we think he will have the power and the support of the man named by the peace convention as the new provisional President. But he would do well to have a better understanding with Gutierrez than he ever had with Carranza. We don't believe Carranza is helping himself much by removing so many generals. He is only throwing trained leaders and big forces into the hands of the enemy.

## A WONDER WOMAN.

Madam Caroline Severance, the mother of women's clubs, who died in Los Angeles at the age of nearly 95, is an illustration of what a single life can accomplish when all of its forces are devoted to one clear purpose. She kept her one dream before her from the dawn of her womanhood until life's close and she communicated her intelligence and enthusiasm to the women of America, or at least to every city in the United States and to most of the civilized cities of the world. Few persons have a greater impression on the world than was made by this frail woman.

## CHARITY ABROAD.

The question of what our people shall send to Europe and how they shall send it increases in vexation as the demand of the war-stricken zone grows greater. It is the unfortunate condition in most affairs of this kind that a comparatively small percentage of money contributed is actually delivered to the sufferers. Europe's distress is great and must be relieved, but it might be a good idea if this work could be brought under government supervision. When Americans take children who are made orphans by the war they help Europe, brighten their own homes and serve America in the biggest way possible.

## A SUCCESSFUL PLAN.

It would be unfortunate if something like the Griffith Park camp plan is not established this winter to assist in the problem of the unemployed. Last winter the men who were without money or work were employed in Griffith Park for four hours a day, in return for which they received three good meals and a clean bed. They were allowed to remain at the park on these terms until the City Employment Agency could find them something better to do when they were sent for and cheerfully released. It is true this gave them no money ahead, but it kept them from want and allowed them to be self-supporting until something better developed for them. The park was benefited by this plan, since a great deal of effective work was done under it.

## AMONG THE OLEANDERS.

Some day the moving-picture people will discover Phoenix and they will capitalize its oleanders. Over there the oleanders bloom everywhere with the same profusion, riot and multitude of colors that the geraniums do in California. They are redolent of romance and deserve to be put to work. Besides, Phoenix has so much sunlight that a motion picture could just naturally work itself to death if it wanted to. The air is so rare over there they could almost make pictures by moonlight. We are not inviting the film companies to leave Los Angeles. They have become one of the city's greatest industries and will always remain so, but if some of them went to Phoenix or Tucson just a week now and then for local color of a foreign sort we would not be jealous.

## THE L.W.W. INVADERS.

Everywhere Los Angeles receives two kinds of invaders, the Pacific and the belligerent. The peaceful regiments are composed of thousands of Americans and Canadians who, seeking to escape the rigors of a severe climate, turn to the capital of the blessed land which Winter forgot. Here, amid a thousand charms, they can enjoy life to the utmost and forget that such things as snow and ice exist. The advance guard of the winter residents already has arrived and reports that an unusually large number of the peaceful invaders is either on the way or may be expected within a few weeks.

The other army is composed of the riff-raff of society, the I-Won't-Works, pickpockets and hobos. These make up the legions of the lost. But it is desirable to let them know that they should lose them somewhere else but in this city. Therefore the authorities should take, and doubtless have taken, every precaution to "repel boarders" of this unwelcome kind. Reports come from Shasta, where storms breed, that a turbulent troop of the L.W.W. is now marching on San Francisco. That march, it may be taken for granted, is intended to be but the first stage in the advancement of a most obnoxious army. From San Francisco a descent on the south coast will be planned. Telegraphic advices indicate that the trouble-making invaders are armed with clubs and "other primitive weapons" and that they are prepared to break heads, fight the constituted authorities and to indulge in jaw-breaking contests from the altitude of soap boxes.

The well that this city should prepare a rod in pickle in advance for these ruffians and anarchists who, unfortunately, have some ardent sympathizers here east of Main street. It will be remembered that last winter several squads of these undesirable constructed amateur forts in the Los Angeles River bed and from their headquarters there raided larders of peaceful citizens and generally contrived to make wretched unbalances of themselves. This year there should be no parleying with them at all. At the first sign of the appearance of this undesirable army should be declared and the dirty troopers of anarchy should hear nothing more comforting than the order to move on.

Incendiaries alike in speech and action, the I-Won't-Works are afraid of but one argument and that is force. Last year they were treated all too gently at first and it required some persuasion to get rid of their untoward presence. This year they should find from the first nothing but a stern insistence that their room is preferred to their company.

This course is advised, and is necessary, in the interests of both the permanent population of Los Angeles and the peaceful visitors whom it is the city's delight to welcome. Throughout the country Los Angeles has the reputation of knowing how to deal with objectionable characters. To none does this reputation apply with greater force than to the ne'er-do-wells that compose the forces of the L.W.W. Therefore, when the regiments of unrest arrive, let them be so warmly received that they will retreat with speed. Southern California has no room for the tattered, foul-mouthed ruffians that make up the rank and file of the L.W.W.

## ECONOMIC CHANGES BROUGHT BY WAR.

Unlike the fabled Kilkenny cats, Germany and the allied powers cannot grow fat by eating each other up. Sooner or later mutual destruction of life and property must be succeeded by mutual exhaustion and inability, for a time at least, to enter upon an era of production. The fires of European furnaces will not be immediately rekindled; the clank of their factories will not soon again sound the diapason of labor, and the dismantled factories will not soon reopen their doors, for most of a majority of the workers will have perished upon a hundred fields of battle. Three million men or more cannot be given back to life, and the toll of death already exceeds that of any war chronicled in history.

The temporary effect of the European war operates as a protective tariff to our manufacturers, and repairs, to a certain extent, the ravages wrought by the Democratic free-trade tariff.

But the proprietors of our factories do not venture to increase their looms and spindles or enlarge their forces of spinners and weavers, for they do not feel certain that the European war may not suddenly terminate and renewed industrial activity in Germany and France and Belgium again restore a production with which high-priced American labor is unable to compete under the workings of the tariff law.

All indications are that, with constant fighting along the several hundred miles in length and no great decisive battle pending or even projected, the war may last for months, possibly for years, and our industrial monarchs must be content to be opportunists and wait upon events.

The contrast between ancient and modern war," says M. Neymarck in Les Debates Publiques Europeennes, published in Paris, "limiting the comparison of results to human suffering is very great, but in respect to the destruction of values it is not great. Carthage is not now destroyed; but taxation, debt, interest and private losses represent a vast and perhaps greater amount of devastation. The debt of Europe in 1865 was \$13,300,000,000. By 1887 it had been increased by reason of war expenditures to \$23,420,000,000, entailing an annual burden of interest of \$1,938,000,000. This enormous debt will be more than doubled by the present war and, at the rate of wages paid in Europe, it will take two months' labor each year of every adult male in Great Britain, Russia, France, Germany and Austria to pay the interest on the debt.

It has been a somewhat popular idea that, as the perfection of machinery for taking away human life makes war, or the preparation for war, every year more costly, the burden on the different nations would eventually become too heavy to be borne, and thus compel a general disarmament. The experience of the last three months has dispelled this theory. Five of the great powers of the world were able to raise unlimited funds for war. One year of such war and such vast expenditures as the last three months has been, and the inevitable result would be national bankruptcy and repudiation and an ultimate terrible social struggle between the classes and the masses.

Yet outside the limits of the world are some economic changes in this country upon consideration of which

## MOVEMENTS IN SOCIETY.

**L**AST evening at St. Paul's Cathedral, Miss Loretta Rouse, daughter of Mr. and Mrs. Wylie J. Rouse, became the bride of Jack Valley, son of Mr. and Mrs. John S. Valley, No. 1485 South Flower street. The ceremony was performed by Rev. William MacCormack at 8:30 o'clock in the presence of several hundred guests. The vested choir led the bride procession, singing Lohengrin's wedding march, followed by the bridesmaids—Isabelle Morse, Helen Walker and Marie Nichols—dressed in gowns of pale green charmeuse, with ruffles of silk net, the waists in basque effect caught with huge gold roses. With this they wore a French head-dress, fashioned of black velvet and black tulle, and completed their costumes by carrying golden baskets filled with pom-pom chrysanthemums, the handles tied with butterfly bows of golden tulle. Mrs. William Edward Shepard assisted her sister as matron and Miss Maria Valley, sister of the groom, as maid of honor, their gowns the same as the bridesmaids. A dainty little flower girl was Miss Margery Ellen Douglas, in her frock of white, and a ring bearer, a baby in a golden basket, swinging a golden basket filled with the yellow pom-pom chrysanthemums. The bride was regal in a gown of heavy ivory satin, with a court train and a Watteau pleat, an over-dress of crepe chiffon and Duchesse lace. Her veil was caught in cap effect with orange blossom, and she carried an arm bouquet of maiden hair fern, with which she showered valley. Miss Paul Maguire served as best man and the ushers included Robert Smith, Leo Maguire, Seymour R. Mullen, George Powell and Tom Spaulding.

The church had been elaborately decorated with a profusion of great yellow chrysanthemums, combined with greenery and potted palms. The pews were topped with one single blossom tied with golden tulle. While the guests were assembling Ernest Douglas gave an organ recital. A reception at the home of the bride's parents, No. 451 West 4th street, followed, where the same color scheme was employed in the living room as at the church. The bride's table, in the dining-room, was centered by a huge mound of white chrysanthemums and greenery, with green shaded candelabra shedding a soft glow over the scene. Mr. and Mrs. Valley left immediately following on a wedding trip, and upon their return will make their home in this city.

Many affairs are planned for this beautiful bride upon her return, as she requested her friends not to entertain for her before her marriage. However, Saturday evening Miss Maria Valley gave a dinner dance at her home on South Flower street, to which she included the bride party and a few others. She decked her table with crimson carnations, and marked covers with gold-monogrammed cards.

Sunday afternoon Miss Isabelle Morse entertained with a musical tea at her home in Hermosa, for the bride couple, to which forty guests were included. The rooms given over to the affair were ablaze with feathery chrysanthemums.

The pleasure planned by Miss Helen Walker, to which the bride party only were included, was an affair at the Orpheum, followed by tea at the Alexandria. The tea table was aglow with Richmond roses which were later presented to each guest as corsages.

**Notable Wedding.**  
Miss Mary Dunne and Arthur Roy Silen were married Saturday night at 8 o'clock in the home of the bride's parents, Mr. and Mrs. Peter Dunne, at San Jose. A large company of relatives and friends witnessed the ceremony, nearly all of the bay cities and Los Angeles being represented. The bride, who was given in marriage by her father, was gowned in ivory satin and applique point lace. She carried a short bouquet of lilies of the valley and white orchids. A tulle veil crowned with orange blossoms completed her costume. Miss Josephine Dunne was her sister's maid of honor and wore a gown of white net over satin, with trimmings of green taffeta. A cousin of Miss Eugenia Dunne, Miss Elsie Furst were the bridesmaids and were gowned in green chiffon over satin. Their showers were of white chrysanthemums.

The little flower girl was Miss Margaret Dunne, a younger sister of the bride, who wore a gown of white and carried a basket of love roses. Little green shaded candelabra shedding a soft glow over the scene. Mr. and Mrs. Valley left immediately following on a wedding trip, and upon their return will make their home in this city.

A bride and her flower girl.  
Miss Loretta Rouse, who was married yesterday, and little Marjorie Ellen Douglas.

**LAURA JEAN LIBBEY TALKS HEART TOPICS**  
**Marrying a Jealous Girl.**  
Her maids were old, and if she took a new one, You might be sure she was a perfect fright. She did this during all her husband's life. I recommend as much to every jealous wife.

It is all nonsense for a man to say that he did not know his wife had a jealous disposition when he married her unless they met in some isolated place, did their courting with no other woman the least attractive for miles about and wed in haste. The man who is young and good to look upon is sure to attract attention as he passes. A sensible sweetheart realizes this. It should cause her a thrill of pride instead of bringing a quiver of alarm to her heart. If he has a free-and-easy nature, it is impossible for him to be otherwise than a flirt. The root of all unhappiness, caused by jealousy, lies with the girl herself. Such women are wont to love deeply. Before stepping to the altar she should put herself through severe mental training to eradicate this foe which will surely make much misery. She can do this if she has the will power. She must be determined to shut her eyes upon her husband's general courtesies to other women, knowing that he is brought in contact with them through business and friendship. To turn a sour face upon them would cost him dear. If business brings them to his office, she should not doubt his loyalty by installing a dictograph therein surreptitiously in order to discover what they are talking about and learn whether or not there is love-making going on. Until she has learned her lesson well how to overcome jealousy she should not become a wife. There are those who say this cannot be done. I insist that it can. Feed jealousy with morbid thoughts and it will grow. Starve it by not encouraging it and it will soon wither. Jealousy is the wedded pair whose hearts are free from jealousy. A wife should always believe in her husband's love and loyalty.

**Bridge Luncheon.**  
Mrs. Robert E. E. entertained at an auction bridge luncheon the other day. The table was beautifully decorated with delicately tinted Cecile Brunner. Among those present were Mrs. Hinton N. Marr, Mrs. Fred Usher, Mrs. Henry Mallman, Mrs. Frederick Jones, Mrs. E. Saxon, Mrs. Charles Jones, Mrs. Ralph Brommerman, Mrs. John McNeal, Mrs. Emory Upton, Mrs. Clayton Ward and Mrs. Andrew Ewanfeldt.

**Chrysanthemum Luncheon.**  
A charming luncheon of late was given by Mrs. D. C. Van Court at her home, No. 184 West Forty-second place, out of compliment to Mrs. Flora J. Nay of Pasadena, who has just returned from an extended western trip. Wild mountain grasses and fluffy yellow chrysanthemums adorned the table at which covers were laid for the honor guest, Mrs. Rose McCombs, Mrs. E. L. Crenshaw and Mrs. M. Hillman, limerick cards marking the places. After luncheon Mrs. McCombs entertained the guests by revealing their future through the medium of the "Rosetta Oracle."

**To Reside Here.**  
A pleasing new addition to Los Angeles society will be Mr. and Mrs. C. H. Donhoff and Miss Donhoff of Cincinnati, who have come here to reside.

**Prominent Visitors.**  
Local society folk are interested in the arrival in this city of Mrs. John J. Hunter and son, J. B. M. Hunter, of New York City. They will remain here while Mr. Hunter's husband, Rear-Admiral Hunter, is at Asheville, N. C., where he has been ordered for his health.

**Betrothed in Haste, Repenting at Leisure.**  
Dear Miss Libbey: I am a young man 24 years of age. For three months have been keeping company with a young lady six years my junior. I have asked her to marry me. I find I do not love her as I thought I did, and am ready to break off the marriage. When I say anything to her she says: "You are a fool."

**Clune's Broadway.**  
Selig week at Clune's Broadway, in honor of Col. W. N. Selig, who leaves shortly for Paris to be celebrated. All films are Selig offerings, in which the best of the Selig stars appear. Tom Mix's "Ranger's Romance," Kathlyn Williams, Charles Clark, Wheeler Oakman and Frank Clark in "The Escape," D. W. Griffith's wonderful portrayal of Paul Armstrong's story, is the offering for next week. "The Escape" will be the attendance record at the Auditorium, being played there for two tremendous weeks while ago.

**Clune's Broadway.**  
Selig week at Clune's Broadway, in honor of Col. W. N. Selig, who leaves shortly for Paris to be celebrated. All films are Selig offerings, in which the best of the Selig stars appear. Tom Mix's "Ranger's Romance," Kathlyn Williams, Charles Clark, Wheeler Oakman and Frank Clark in "The Escape," D. W. Griffith's wonderful portrayal of Paul Armstrong's story, is the offering for next week. "The Escape" will be the attendance record at the Auditorium, being played there for two tremendous weeks while ago.

## "DISRAELI" TO REPEAT.

**"Ready Money" Offered at the Burbank.**

**Orpheum to Celebrate with "Old Home Week."**

**Musical Comedy will Open Century Theater.**

The performance of George Arliss in "Disraeli," at the Mason Opera-house, is proving so great an attraction that arrangements are being made to continue the play for another week, beginning next Monday night.

**Majestic.**  
The "Whip," a spectacular drama of sporting life, is to be the next attraction at the Majestic Theater, for the week beginning Sunday, November 22.

**Morocco.**  
"A Stubborn Cinderella," the latest offering of the Gaiety Company at the Morocco Theater, has met with instant success and is proving highly popular.

The Cinderella slipper worn by Grace Edmunds in the making of the company, is proving a great attraction, and dozens of women visit the theater every morning in the hope of being able to wear the slipper and win the prize.

Harry Gribbin, Neal Burns, Bonnie de Vole and Billy Clifton, as well as Grace Edmunds, are making individual hits, and the beautiful chorus is alone worth the price of admission.

**Burbank.**  
"Ready Money," James Montgomery's comedy success, will be the offering at the Burbank next week.

**Century.**  
Friday night of this week marks the reopening of Los Angeles' Century as a high-class musical comedy theater. The main-street playhouse has been remodeled throughout, and contains many added features for the comfort and delight of patrons.

The first bill will be "The Honey-moon Trail," with the LaSalle players. Popular prices will prevail and there will be two shows nightly and matinee three times a week.

**Orpheum.**  
Following a down-east custom, the Orpheum will celebrate "old home week" with a bill reminiscent of "way back home." This occasion will be largely in honor of the many visiting easterners, and special music and lobby decorations will aid the bill in effectiveness.

Victor Moore and Emma Littlefield will head the list in "Change Your Act, or Back to the Woods," telling the woes of a pair of rural variety players in their first big-time theater at rehearsal and the piece is said to be a scream.

The popular "Rube" Dickinson, with his Indian "wang," Frank North and company, in "Back to Wallington," and Lydell, Brown and Lydell in "A Native of Arkansas" are other offerings.

"Three Types" is Lasky's artistic offering, and Adair and Adair, in a comedy bar act, complete the list of newcomers.

**Pantages.**  
Manager Carl Walker will bring "Rit" to Los Angeles next week! It is a new and original playlet despite the punning. The offering is by Walter Montague, who takes the Brixton mood of fighting a great evil.

Work and Play, acrobatic jesters; Henry and Harrison in patter and song; Col. Billy Link and his Ho-ho-ho soldiers, the Yostoff trio, and an additional number, in which local players will make their debut, complete the list.

**Loew's Empress.**  
William H. St. James, in the comedy, "The Come-on," will head the bill at the Empress next Monday.

Stewart's musical, in pantomime dancing; the musicals, Arolas, xylophone experts; Al Anderson and Joy Goines, colored comedians, James Burke and Ralph Harris, ragtime specialists, and Jurgens Nelson, are other numbers on the bill.

**Hippodrome.**  
The sensational loop-the-loop act will top the bill next week. This was tried a couple of months ago with the result that both machine and rider were placed in the hospital. Now then a new hero and a new machine have been secured.

Ted MacLean and lovely Genevieve in "12 in the Black," a gambling play; Ruben Doo, Bond Nora, tramp Mrs. Doherty's Poodles, Dora Pelletier, comedienne, and Col. Dan Duffy, promising "the silliest act ever presented on the stage," complete the list.

**Republic.**  
"Shore Acres," James A. Hearn's famous dramatic success, has been timed under the direction of Augustus Thomas, and will be the headline at the Republic next week.

**The Losing Fight:** Stella Rasetto, Lamar Johnson, Scott Dunlap, Guy Oliver and Fred Hunter in "The Wamp" and Beulah Ertan, Thomas Sancha, Franklin Hall, Thomas Bates and Harry Lonsdale in "When His Ship Comes In," make up the excellent programme.

**Tally's Broadway.**  
Tally's Broadway is packing them at Tally's Broadway this week in the funniest of all comedies, "The Man from Mexico."

Next week "The Man from Home," William Hodges' play, written by Booth Tarkington and acted by Mr. Hodges for several seasons, will be the offering. Charles Richman appears as the star, and Theodore Roberts, Mabel Van Buren and many other favorites have leading parts.

**Mosart.**  
Paul Armstrong's great crook drama, "The Greyhound," is proving a drawing card at the Mosart this week, the high-power story being excellently staged and acted, especially by Catharine Carter in the leading feminine role.

Next week the film comedy, "The Blue Moon," will be the attraction. The adventures of the dainty Madeline Lesing as Dolly Privilege promises to be most amusing.

**Quinn's Superba.**  
"Ready Money," the play that made a hit at the Majestic a year ago, is the film offering at the Superba this week and is pleasing big crowds. Beulah Barricade, Edward Abeles and Theodore Roberts have the leading roles.

**Quinn's Garrick.**  
"The House of Bondage," with Lotte Pickford in the principal part, is proving a drawing card at the Garrick. The story deals with life in the underworld.

Quinn's seven hundred chorus is still a strong feature.

**The Woolley.**  
"Across the Pacific," a simulation of the popular melodrama of the same name, is the offering at the Woolley.

**BOSTON BILL CRAVES WORK.**  
*Peeved Because He Can't Pitch Every Third Day.*  
*To Meet "Bullet Joe" Bush This Afternoon.*  
*Easy to Understand Why the Braves Won Flag.*

"Boston Bill" James is in town, and it is now easy to understand how the Braves won the National League pennant when such conduct on their part was totally unexpected. Bill had hardly set foot on the Main-street curb than he was heard to complain. He is peeved, but it is a good, wholesome peeve. Bill wants more exercise.

"This thing of pitching only every fourth day is getting on my nerves," grumbled James. "Four pitchers on a ball club is too many. If I can't get more work I'll rust out."

**HARD TO REFORM.**  
Now, can you imagine anything like that? A pitcher hating himself and everybody else because he can't work oftener than every fourth day?

You see, Bill acquired the habit of heaving every third day while working for Boston, and it is hard for him to reform. He imagines that he will get gummy in the right elbow unless he continues that regime of violent exercise. Boston should win again next year.

He will have a chance to come out of his melancholy cocoon today, however, as he is slated to pitch against "Bullet Joe" Bush of the Athletics in the opening game of the series between the famous athletes composing the All-Nationals and All-Americans. Many of our best people will recall that the James and Bush parties engaged in an argument of some note and also of some bitterness in the recent world series unpleasantness.

Incidentally, the touring big leaguers are better fortified in the matter of Bill James than any other clubs which ever visited the Coast. Not intending that the All-Nationals should have anything on them, the All-Americans brought along "St. Louis Bill" James, who is favorably remembered as having pitched for Portland in 1911.

**OLD TIMES.**  
The tour is under the direction of Frank C. Bancroft, business manager of the Cincinnati Reds, and John Shibe, son of "Uncle Ben" Shibe, principal owner of the Philadelphia Athletics.

The younger Shibe also is secretary of the Athletics.

Bancroft is claimed by some to be the father of baseball. Bannie, while not desiring to take that distinction away from the late Mr. Chadwick, does admit that he has been connected with the national pastime for a long spell.

In fact, he was the manager of the Providence club when "Old Hose" Radbourne pitched twenty consecutive games and landed the pennant for his team.

The famous athletes landed here in a good state of preservation last night after enlightening the people of Riverside for nine innings.

**ELEVEN TO TEN.**  
To date they have played twenty-one games, and the count stands eleven to ten in favor of the All-Americans.

Ira Thomas has the active management of the All-Americans, having been appointed to that position by Connie Mack, who was unable to make the trip.

Composing the clubs is the following array of justly-celebrated talent:

All-Nationals—Dolan, St. Louis, right field; Carey, Pittsburgh, left field; Burns, New York, third base; Miller, St. Louis, first base; Fletcher, New York, shortstop; Sanderson, New York, center field; Byrne, Philadelphia, third base; Killifer, Philadelphia, and Clarke, Cincinnati, catchers; Alexander, Philadelphia; James, Boston; Teague, New York, and Vaughn, Chicago, pitchers.

All-Americans—Murphy, Athletics, right field; Walsh, Athletics, center field; Lewis, Boston, left field; Hoblitzel, Boston, first base; Chapman, Cleveland, shortstop; Moriarty, Detroit, third base; Boone, New York, second base; Henry, Washington, and McAvoy, Athletics, catchers; Bush, Philadelphia; Mitchell, Cleveland; James, St. Louis, and Cole, New York, pitchers.

The clubs will later invade Honolulu, returning in time to play a second engagement in Los Angeles on Christmas.

Leaving here Sunday night, they will play their way back to San Francisco, showing in Porterville, Sacramento and Petaluma en route. They will sail for the islands on November 24, and set foot on the mainland again on December 22. They will play back down the Coast, starting their last game in San Diego on December 27. The clubs will then disband, and a majority of the players will round out the winter in Southern California.

**WHITE WILL BE MANAGER OF TIGERS, IF HAP GOES.**  
**HAT** Mike Donlin, pinch hitter of the New York Giants, had been signed to manage the Venice club was a report that became current yesterday.

That any such step had been taken or would be was emphatically denied by President Maier.

Furthermore, if there is any change by which Hogan goes to Sacramento, it can be stated positively that Dr. G. Harris White will be the next manager of the Venice club.

It is known that an eastern friend of Donlin's suggested him to Maier as manager of the Tigers, but that is as far as it went.

Hogan can have his present position as long as he wants it. Should he go to Sacramento, White will get the place. Thus it looks like "Doc" for manager in 1915, as Hap fancies becoming an owner.

**OLDFIELD THOUGHT HE HAD LOST PHOENIX RACE.**  
*Did not Realize that He had Won the Great Contest.*  
*Louis Nikrent Drove a Red-hot Second to the Speed King—An Exciting Finish Slogging Through the Mud. Bramlette Came in Steering the Cadillac with a Pair of Fence Rails.*

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
**PHOENIX, Nov. 11.**—Splashing through several inches of mud with all the speed left in the first American car to finish at Indianapolis last May, and believing himself defeated, Barney Oldfield finished the seventh annual Los Angeles to Phoenix road race with first honors and won the title of "master driver of the world."

Louis Nikrent on the Paige No. 8, led the veteran to the tape by seventeen minutes; but when time was figured, the mud-stained Stutz had won by thirty-five minutes and fifty-five seconds. Oldfield drove the 696-mile course in 23h. 13m. Nikrent's time was 23h. 35m. 56.2-5s. Beaudet on Paige No. 1, was third in, covering the distance in 23h. 4m. 38.4-4s. Durant and Chevrolet in the Chevrolet No. 2, won fourth place although they finished behind Bramlette in the Cadillac No. 19. Just thirty-four minutes and nineteen seconds separated the Chevrolet and the veteran Cadillac when the time was figured.

The cars did not go inside the fair grounds for the finish as has always been the custom. The rain had put the course under water and it was decided to hold the cars off the track until the speed brushes come off Thursday. For miles out on the desert, automobiles were parked along the course and the railroad with hundreds of motor-race enthusiasts waiting for the desert racers. What looked to be the entire population of Phoenix was lined up along the muddy road from the finish line out several miles through the reclaimed lands. Teams worked on the road until time for the cars to come in and the teams were stationed at several washes for the purpose of giving the drivers assistance if necessary.

When Nikrent in the Paige came down the muddy road, there were cheers for Barney. The car was so bespattered with Arizona gumbo that it was impossible to see the number or even the shape of the radiator. Even the passengers on the "Howdy Special," which had followed the cars over the course, could hardly recognize Nikrent as he drove up to the finish.

**STEERED WITH RAILS.**  
Crowds swarmed around the car and it required a force of Arizona militia to clear the course for the next car.

Second to finish was the Cadillac No. 19 with Bill Bramlette at the wheel. This was by far the most unique finish to an auto race ever witnessed in the West. Driving at about thirty miles an hour, Bramlette and his mechanic bumped down the stretch to the finish, steering with a pair of fence rails lashed to the front axle.

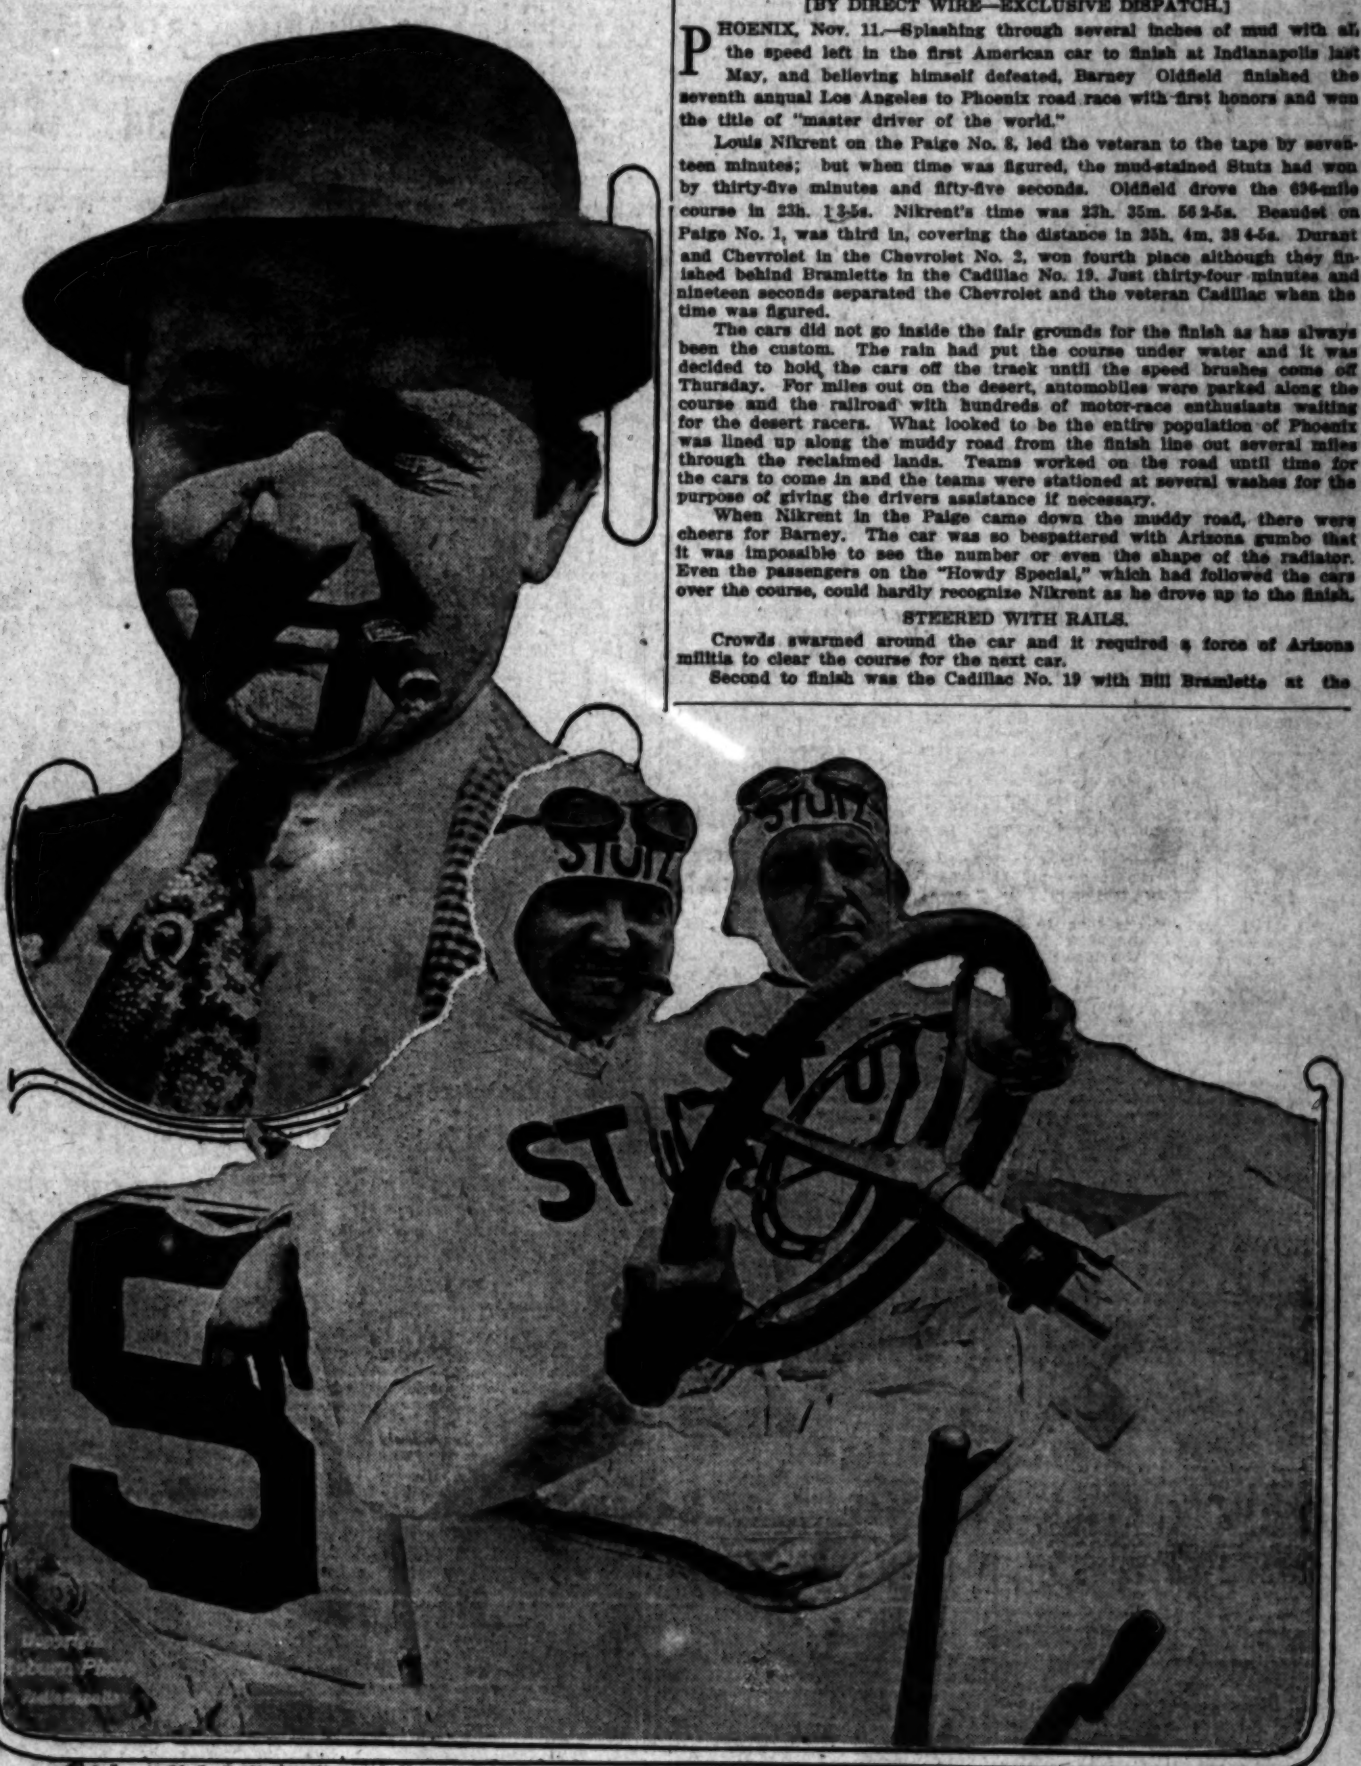

A short distance out of Prescott this morning the Cadillac went over a twelve-foot embankment. The crowd of spectators helped to get the car back on the course, but the steering arm was so bent that Bramlette could not turn to the right. He drove on, however, with great difficulty and when overtaken by the Howdy Special, twenty miles out of Phoenix, was in first position, leading Nikrent, Oldfield and Beaudet in place by several minutes.

The Howdy raced along with the old Cadillac for about five miles, to New River.

As Bramlette went into the wash, he jumped from the bank at high speed and broke the steering arm. There was a team at the stream which pulled the machine out after about fifteen minutes work. The driver and his mechanic then broke off two fence rails and lashing them to the axle, steered fifteen miles to the finish by rubbing the rail against the tire like a youngster guiding a hoop, with the broken steering apparatus dragging in the mud under the car.

**BARNET'S CIGAR.**  
Barney's finish was not exactly spectacular. He drove through the mud at a dangerous rate of speed and it was one of the prettiest exhibitions of the entire race, but the crowds stood silently watching the Stutz alone from side to side in the road, until within a few yards of the finish, then someone recognized the car by the cigar which Oldfield held in the hole in his mud mask.

Wild cheers broke loose. The Howdy band played scrambled notes. The Don Lee drum corps opened up. The whistles on the two engines

**LONG BEACH FALLS IN BASKETBALL.**  
**HUNTINGTON BEACH WINS IN LAST MINUTE OF PLAY BY SPECTACULAR FINISH.**  
[SPECIAL CORRESPONDENCE.]  
**LONG BEACH, Nov. 11.**—In a basketball game the fast Huntington Beach High School quintette came from behind in the last few minutes of play and noosed out victorious over the Long Beach High School court artists here today by the close score of 34 to 31. Although not a league contest, the game marked the opening of the High School basketball season in Long Beach.

Len Livernash, star of the visiting five, shot a pretty basket from a difficult angle and then gained another point on a free goal, snatching his team from defeat.

The half ended with Long Beach on the long end of a 21-to-17 score. During this period the splendid teamwork of the local organization was a revelation, and it looked like a sure victory. With a record of five field goals apiece, Gerald Beck and Elmer Larson starred for Long Beach, with Len Livernash shining for the visitors.

The last five minutes of the struggle was waged in the dark, the scoring depending largely upon the team with the best eyesight. The contest was refereed by Fred Dye.

Long Beach defeated Huntington Beach Wednesday of last week at Huntington Beach, 32 to 18.

The line-up of today's game was as follows:

Long Beach. Huntington Beach.  
Larson ..... forward ..... Livernash  
Beck ..... forward ..... Harris  
Humphreys ..... center ..... Miller  
Wilbur, Brown ..... guard ..... Worthy  
Lackey ..... guard ..... Helms

**BOXING IN CUBA.**  
Now that California has stopped boxing, Havana, Cuba, may see some big bouts. The Cuban Commercial Association is dickering for a contest between Sam Langford and Sam McVey, the two negro heavyweights, to be staged February 28. The bouts will be of fifteen rounds for a purse of \$20,000. An arena to accommodate 10,000 people has been erected at Alamedar, a suburb of Havana. The horse-racing season in Havana will begin on January 7. The course is located at Maranao, also a suburb of Havana.

Very Sad.  
**TOO MUCH PIE  
BEAT QUAKERS.**  
Dark Rumor that Athletes  
Over-indulged.  
Ate Pastry Under Cover of  
Darkness, Report.  
Are Beaten by Doughnut-fed  
Colleges.

BY HARRY A. WILLIAMS.

Whittier is in the throes of a pie scandal, and it all revolves around the rah-rah athletes. These athletes, it seems, have not only been saturating their systems with dead languages and football knowledge, but with lemon meringue pie as well.

Many of the eminent citizens attribute the failure of the hillside collegians to win the championship to a combination of pie of various brands, banana specials, French pastry and other viands which tend to gum up the human mechanism.

Pie, however, is a good thing, for that seems to have been absorbed in the largest quantities.

While this charge has not been made openly, it is darkly hinted at, and when two or three people are seen on the street engaged in earnest conversation it is not unusual to find that they are discussing the pie scandal. They made claim to be deliberating on other matters, such as affairs relating to the Board of Trade, but the chances are that it is pie which is uppermost in their minds and on the tips of their tongues.

Whittier, although it is not generally known as such, is one of the great pie-eating centers of the country. It is estimated that there are more pies consumed there per capita than in any other city in the world.

It boasts a number of high-class pie joints, and one in particular which does a land office business among the business men and college students.

Every person and every city has some form of dissipation, even though they do not recognize it as such, and indulgence in pie is the rather mild form to which Whittier is addicted.

Pie is a mode particularly appears to have the community in its clutches. School children carry pie in their lunches, business men have been known to step across the street and wrap themselves around a pie in the middle of the forenoon, while it is a dull day when the ladies do not hold some sort of a pie sale.

This deep, inward craving for something better seems to have spread to the college football team.

The result seems to have been that they have endeavored to mix pie with football and football with great detriment to their stomachs and athletic prestige.

Not only does pie befog the mental faculties, but it is a scientific fact that an athlete cannot be at his best when his alimentary canal is lined with mince meat and pie crust.

This pie eating was mostly clandestine, done in the dead of night without the knowledge of Coach Wilson.

At least, that is the idea to be gained from the random remarks dropped by some of the leading pie merchants.

According to one of these, it was nothing unusual for some of the football students to steal downtown under cover of darkness as late as 10:30 and assimilate a few pies.

Many are inclined to charge this lamentable condition to Dr. Woods Hutchinson, the well-known dietitian and food historian, who, in a recent lecture at the college, placed the stamp of his scientific approval on pie as a means of sustaining life.

However, all know the result. Whittier was beaten by the U.S.C. and Pomona athletes, whose indulgence has been limited to doughnuts and other plain foods.

**L.A.A.C. BASKETBALL MEETING.**  
The first basketball meeting will be held at the L.A.A.C. Saturday night at 8 o'clock. All of the members who care to try out for the teams are requested to report to Bob Weaver at that time. The club expects to turn out championship quintettes this year and will bend every effort in that direction.

**TIGER FRESHMEN  
TO PLAY CLUBMEN.**

**D'AULE TO SEND HIS ELEVEN  
AGAINST PIPAL'S NEW  
MEN ON SATURDAY.**

The L.A.A.C. American football eleven will play the Occidental freshmen Saturday at the old Occidental field. "Nap" D'Aule is badly in need of practice games to prepare the clubmen for their battle with the Sherman Indians, Thanksgiving Day.

The Occidental freshmen have an idea that they will be able to hold their own against the club. The freshmen have been going strong lately. Repeated scrimmaging with the varsity has rounded them into a formidable machine.

McNitt, Shutt and Peters are an exceptional set of backs for a freshmen team, while Warren at center is in a class all by himself. Thomas and Collier, the Tiger ends, have been smearing plays with regularity and are accurate at handling the forward pass.

D'Aule has been drilling his men at signal work and scrimmaging them whenever the Trojans could accommodate him.

**TROJANS HOLD  
FINAL SCRIMMAGE.**

**LEN EVERNASH, ELMORE AND  
BAILEY WATCH PRACTICE  
FROM SIDE LINE.**

The Trojans held their last scrimmage before the Pomona game yesterday afternoon. All of the players who care to take in the Pomona-U.S.C. game. The fare is to be \$1.10 and Manager Watkins will be at the station to sell tickets to all desiring them.

The players were full of fight last night. They seem to have gotten back into the condition they were in before the Whittier game but for the bruises they are nursing along.

A special train will leave the Santa

Fe at 12:30 Saturday, carrying the Trojan varsity, rosters and all those who care to take in the Pomona-U.S.C. game. The fare is to be \$1.10 and Manager Watkins will be at the station to sell tickets to all desiring them.

**HUNS SCRIMMAGE  
AGAINST SCRUBS.**

**STANTON TRYING TO FIND MAN  
TO HURD FORWARD PASS  
IN ELLIOTT'S STADIUM.**

(SPECIAL CORRESPONDENCE)  
CLAREMONT, Nov. 11.—Handicapped for two nights by adverse weather conditions, the Huns varsity last evening made up for lost time. For an hour and a half the ball was scrimmaged up and down the field, with the scrubs and freshmen both falling victims to the varsity's fierce attacks.

Coach Stanton has spent much of the time this week in trying to find a man to take Elliott's place on the throwing end of the forward pass. He is up against a tough proposition, as none of the remaining backs are tall enough to get the ball away over the heads of the charging ends.

The Sagehens may be further shot to pieces by the loss of two or three men through studies. At least one man must go.

Pomona students figure they have a fighting chance next Saturday. The team has been tested by one hard game and has proved its mettle. The Sagehens are placing their reliance on the machine-like play of their team.

Pomona has a particular grudge to settle with U.S.C. During the last three years the two schools played, the games resulted in a tie. Contests between Sagehen and Trojan have always been close. Scores of previous games:

1897—U.S.C. 5; Pomona, 0.
1898—U.S.C. 14; Pomona, 21.
1899—Pomona, 13; U.S.C. 0.
1900—Pomona, 13; U.S.C. 0.
1901—Pomona, 8; U.S.C. 0.
1902—U.S.C. 16; Pomona, 0.
1903—U.S.C. 4; Pomona, 0.
1904—U.S.C. 18; Pomona, 0.
1905—Pomona, 8; U.S.C. 4.
1906—Pomona, 8; U.S.C. 0.
1910—Pomona, 9; U.S.C. 9.

The Northeastern Basketball League is made up of Colgate, Massachusetts Wesleyan, Union and Williams colleges. They will begin the season on January 15 and conclude March 5, next.

**OCCIDENTAL TEAM LEAVES  
FOR SALT LAKE TODAY.**

BY HOWARD W. ANGUS.

**SEVENTEEN Occidental Tigers, accompanied by Coach Pipal and Trainer Pete Pool, leave for Salt Lake City and their football game with the University of Utah on the Salt Lake train at 9 o'clock this morning.** This will be the first trip that a southern varsity has ever taken to the Rocky Mountains.

The players who will represent Occidental and all Southern California on Cummings Field, Salt Lake, Saturday, are Capt. Sid Foster, Sam McClung, "Shorty" Smith, Carl Brandstetter, Pete Lenz, "Chick" Hill, Lester Dolg, Charles Johnson, Lloyd Squires, T. Searna, A. Searna, Art Shipka, John Eatz, Johnny Coffeen, "Shorty" Wells, Ralph Deems and Morgan Odell.

All of the players with the exception of Shipka and Lenz are in excellent condition. It is extremely doubtful if either of these two will get into the game. Trainer Pete Pool said last night that the other men did not have a scratch on them.

The varsity will arrive in Salt Lake City at 11:45 o'clock tomorrow morning. They will practice in the afternoon at Cummings Field. They will leave for home Saturday night and will be back in Los Angeles at 6:45 a.m. Monday.

The coach will take a blackboard along on the train and give chalk talks and quizzes both going and coming. On the way to Salt Lake the players that are to be used against Utah and the Utah attack and defense will be thoroughly thrashed out. On the way back the plans will be laid for the Pomona battle. The varsity will run through signals at Barstow, where the train makes a short stop.

The altitude is bound to affect the Tigers. As far as conditioning is concerned, Coach Pipal has done all in his power to nullify the effect of the thin air.

"I shall pull out men and send in substitutes all through the game," he said last night. "That will give the men a chance to rest and go back fresh. I don't expect to experience so much difficulty from the altitude as some expect."

The big weakness in the Tigers will be right tackle. Shipka will not start. That battering ram on the offense and solid wall on the defense, who has turned the tide in Occidental's favor so often, will be missed. He may go into the game toward its end. While Hill will start at quarter, he is almost as adept at handling a team and running with the ball as Lenz.

**L.A.A.C. TO PLAY  
TOILERS RUGBY.**

**BOTH FIFTEENS GETTING IN  
SHAPE FOR CHAMPIONSHIP  
RUGBY STRUGGLES.**

The L.A.A.C. fifteen will play a rugby game with Manual Arts, the city high school championship team, on the latter's grounds Saturday afternoon. This will bring the strongest club team in the south against the strongest city prep fifteen.

The game should be interesting from a spectator's view point. Manual is getting ready for its game with Pomona High School for the Southern California championship. The L.A.A.C. is getting into shape for its northern trip which takes it to San Francisco to meet the Olympic Club for the Pacific Coast club rugby title. Both fifteens will be playing their best game.

The club fifteen has defeated all of the southern high schools with the exception of Pomona. Manual is much stronger now than when it lost to the clubmen. On the other hand the club is stronger.

**STANFORD GRADS  
IN HIGH JINX.**

Stanford alumni in Southern California are to hold a "jinx" at the University Club Saturday night to receive the returns of the Stanford-California Rugby battle in the north, and to indulge in a session of Stanford spirit, which is noted for its intensity and hilarity.

Several hundred "old guards" of the Cardinal institution, who live in the south will be in the stands at Berkeley when the big teams hook up in their annual struggle, but as is always the case, a large number will be unable to make the trip, and the big time at the University Club will be the next best thing. A detailed account of the game will be read.

The celebration will begin at 8:30 o'clock when dinner will be served. There will be a few informal speeches and a vaudeville entertainment, in addition to the general "rough-house" college stuff.

The big time is being arranged by Roy V. Reppy, president, and John R. Beman, secretary of the Stanford Club of this city, in co-operation with Harold Ferguson, "Red" Geisler, John S. Mitchell, J. R. Barryman and Bert Loughhead, of the Executive Committee. All Stanford men are invited to attend the "blow-out."

Second and Third in  
Phoenix Road Race**

Defeat seventeen of America's leading cars in the hardest race the motor industry has ever known. Never has there been a better demonstration of consistency, power, strength and reliability. The Paiges made the fastest time on the last and hardest day of the race, showing they were in better condition than any other car.

This race was over six hundred and fifty miles of mountain and desert road and the Paiges finished in such perfect condition they could be driven back to Los Angeles without a minute's work.

The remarkable part of this performance is that Nikrent's car, which finished second, was the touring car that was used as a pathfinder for the race, and Beaudet's car was the Los Angeles demonstrator. Neither car had mechanical or tire trouble on the entire trip.

This most consistent showing in the history of the desert classic was made by automobiles costing

**Hancock and Berry Discuss  
Season Series that will Bring  
to Coast—Players will Favor  
Means Plenty of Players for**

BY HARRY A. WILLIAMS.  
Plans are now formulating which will give Los Angeles and other Coast League cities a post-season series of games. It will be a series designed to give good comparison between the clubs placed here and in the majors. Frank C. Hancock, who is directing the present tour, wants to bring two teams West next year, one from the National and the other from the American League, and match them against two all-star teams selected from the Coast League.

He put the question up squarely to Barry last night, and the Angel manager was hit in a vulnerable spot. Barry favored the idea so that he might be able to pick the best players from the Coast League. This will be done by a committee of baseball writers or some other body, but in every case substantial work of the men for the team will be the deciding factor.

Games will be played in Los Angeles, San Francisco, Oakland, Portland and Sacramento, two of the cities campaigning in the north while the other two are playing here.

Not only would the game bring some work for the players in addition to winning money, but the proceeds of the game would go to the benefit of the players.

Hancock, the club which won the title in the league would be picked to meet the major league team. The best club would be considered of the best men on the other side.

Games on the Coast have long

Mr. Wad Didn't Want to Meet the "Master Driver of the World"—Not Just Then!—By Gale.

**MASTERS AND MAJORS MAY PLAY NEXT FALL.**  
Harrington and Berry Discuss Plans for Dual Post-Season Series that will Bring Two Big League Teams Coast—Players will Favor the Idea—Cut by Majors Means Plenty of Players for Minors.  
BY HARRY A. WILLIAMS.  
There is a new formula which will give Los Angeles and other Coast League clubs a post-season series of games calculated to make them all up and make observations. It will be a series designed to give equal competition between the clubs which played here and in the majors. Frank C. Harrington, who is directing the Coast League, wants to bring two teams west next year, one from the East and the other from the South. He has been hit in a vulnerable spot by the idea so that he has agreed to it immediately. It will be made to pick the strongest teams possible from the East and South. This will be done by a committee of baseball writers or some body, but in every case the work of the men for the Coast League will be the deciding factor. The game will be played in Los Angeles, San Francisco, Oakland, and Sacramento, two of the cities in the Coast League. The game will be the proposed series of games for next season. The Coast League players some- times have to play in addition to winning, as the proceeds of the game would go to the players. The club which won the game would be picked to play the major league, and the club which would be com- mitted to play the other team. The game is the Coast have long

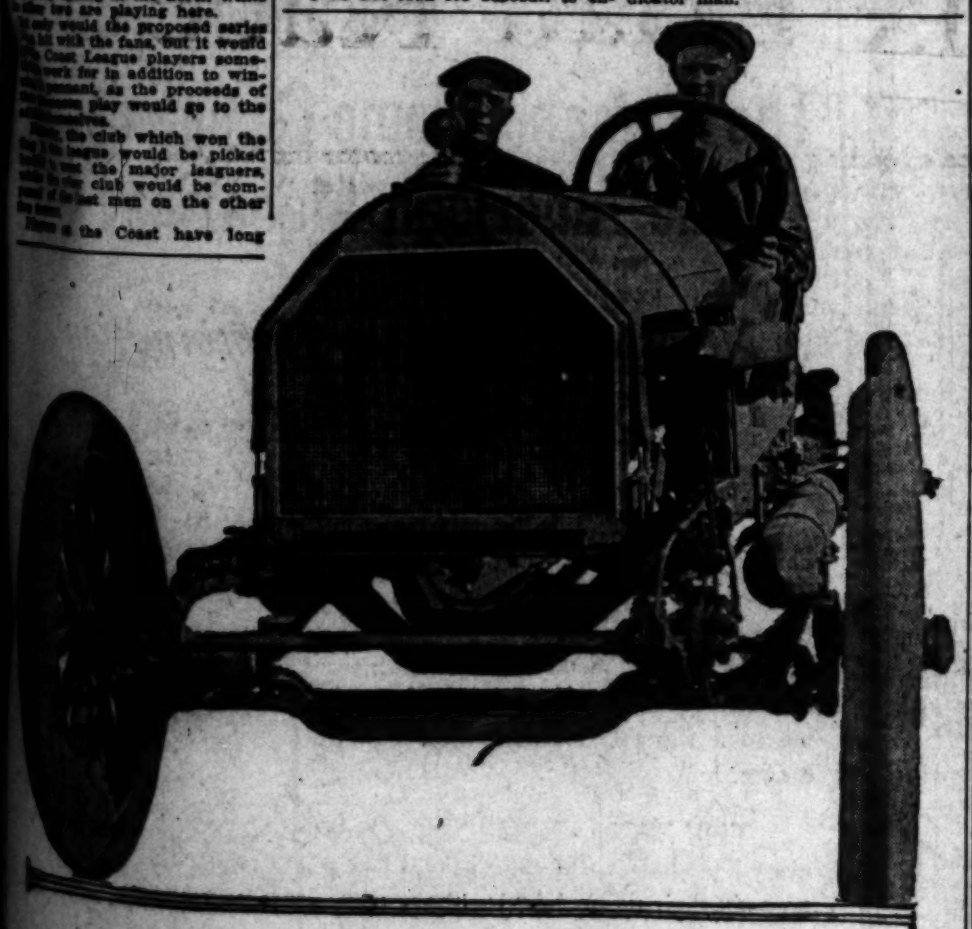

**BIG LEAGUERS AT RIVERSIDE.**  
RIVERSIDE, Nov. 11.—In their first game in Southern California, the All-Americans defeated the All-Nationals by a 1-to-0 score in a thrilling game played here this afternoon. The lone run was made in the second inning by Moriarity, who hit out a two-bagger, was advanced to third by McAvoy, and brought in by James. The batteries comprised James and McAvoy for the Americans, and Tee- reau and Killiter for the Nationals. The Americans secured six hits off Teeureau and the Nationals five off of James.  
Summary: Three-base hit Dolan. Two-base hit Alexander and Dolan. Bases on balls, Lewis (2), Burns, Dolan and Carey, 1. Struck out, James and Walsh. Umpire, Emory Tipman of Philadelphia.  
**BALL PLAYERS OFF FOR HAWAII.**  
SAN FRANCISCO, Nov. 11.—Jack Bliss, as manager, took a mixed team of ball players, principally Coast League, down to Hawaii on the liner Sierra for a series of games with the island teams. The team is going under the name of Venice, although several other teams are represented in the line-up. Happy Hogan found it impossible at the last moment to make the trip. Those who went were: Pitchers—Ed Klepper, Lefty Williams and Jim Scott (Chicago Americans). Catchers—Jack Bliss and "Rowdy" Elliott. Infielders—Billy Orr, Derrick, McArde and Rader. Outfielders—Johnny Kane, "Swade" Risberg and Justin Fitzgerald. Jack McCarthy went along as in- dicator man.

**MINORS REDUCE SALARY LIMITS.**  
MUCH OUTGO.  
TWENTY PER CENT. IS OUT OF CLUB'S EXPENSES.  
Class AA Permitted to Revise Salary Lists as Fitted Convenience. A and B Class Leagues Adopt Plans—C and D People Have Squabble—Players Out Down.  
OMAHA (Neb.) Nov. 11.—A hor- rible reduction of 20 per cent. in the salary limit paid by minor league clubs was the recommendation today of the Committee on Constitu- tional Revision of the National Asso- ciation of Professional Baseball Leagues. It was adopted, so far as it concerned class A and class B leagues. Leagues in class AA were permitted to revise their salary lists as fitted their convenience and leagues in the C and D class were given an- other day in which to agree on a limit.  
The schedule of salary limits recom- mended the following:  
Class AA, \$5000 per month; class B, \$3000; class C, \$1500; class D, \$1000. These limitations were put on the number of players:  
Class AA, 25 for first twenty days and 15 during season; class A, 15 and 10; class B, 14 and 10; class C, 13 and 12; class D, 12 and 10.  
Because the Federal League had clubs in two American Association cities, representatives of that league objected to their salary limit being made public, and club owners were permitted to agree on what their limit should be.  
An amendment was adopted provid- ing for at least one executive session at each annual meeting of the associa- tion.

**TO ATTACK NEW FIGHT LAW.**  
FOUR-ROUND PROMOTER SAYS AMENDMENT IS NOT VALID, UNCONSTITUTIONAL.  
SAN FRANCISCO, Nov. 11.—Con- stitutionality of the anti-prize-fight amendment which was adopted at the recent election will be tested shortly after it becomes operative, according to an announcement made here today. A local promoter of four-round con- tests, who holds a permit to stage a series of bouts in December, has en- gaged an attorney to attack initiative amendment No. 25, as the bill was de- signated on the ballot.  
His procedure, it is said, is to go ahead with the license, which allows the club to give a show in December. Two of the principals who he wrestled and he will seek the issuance by the Supreme Court of a writ of habeas corpus. This will enable an attack on the amendment on the charge of being class legislation and therefore unconstitutional.

**BASEBALL PEACE NEAR-GILMORE.**  
CONFERENCE TODAY MAY STOP FED WAR.  
MAJORS TO ADOPT SOME FEDERAL CLUBS. OTHER TO BE PART OF NEW LEAGUE—WEIGHMAN MAY ACQUIRE CUBS—HERRMANN DID NOT ACT AS PRIVATE INDIVIDUAL.  
CHICAGO, Nov. 11.—President James A. Gilmore of the Federal League expressed as his opinion that peace negotiations would be con- sidered at the conference tomorrow in Chicago between Garry Herrmann of the National Commission, President Ben Johnson of the American League and President Charles H. Weighman of the Chicago Federal League club. Among other statements made by Gilmore were:  
That Weighman would acquire the Cubs and add the best players of his Federal club to its pay roll.  
That no more than two clubs would be in any city next season.  
That the Federal League clubs not incorporated into the National and American Leagues would form part of another major league.  
That there will be no International League clubs at Baltimore, Buffalo and Pittsburgh.  
That the American Association and International leagues will be given higher classification.  
That Garry Herrmann did not act as a private individual in his confer- ence with Weighman.  
The annual meeting of the National Collegiate Athletic Association will be held at Chicago, December 22.

**GOLFERS TO ELECT OFFICERS.**  
SEASON ON LINKS TO BEGIN RATHER EARLY THIS YEAR. GOOD PROSPECT.  
BY ALMA WHITTAKER.  
The Southern California Golf Asso- ciation will hold its annual meeting at the California Club on Friday evening, November 20.  
Officers will be elected for the en- suing year, the course for the cham- pionship meeting will be decided upon and dates will be fixed for all the va- rious golf events of each of the coun- try clubs throughout the season.  
The inter-club team matches will all have suitable dates allotted, and the invitation tournaments will be ar- ranged at the various clubs so as not to overlap.  
Edward B. Tufis has been twice president of the association, and there is little doubt that he will be re- elected.  
Alexander MacKagan has been sec- retary (for love only) for years and if he can be prevailed upon to retain all the honorable ones that goes with that position, he will be again. Each of the country clubs is represented on the board of directors, Los Angeles, Midwick, Azusa, San Gabriel, Redlands, Riverside, Virginia and Point Loma.  
The Midwick Country Club will get the championship meeting if they want it. They probably do. They have been coaxing their links to a high state of perfection and a cham- pionship location would be in order. Like- wise it is their turn. Also they proved themselves adept at holding large, hospitable tournaments last year and making everybody happy.  
There are whispers of an early start for the golf season proper this year, a big event in December. Last year operations were not commenced in earnest until after Christmas.  
In addition to the official tourna- ments each club holds a club cham- pionship event and special club events for members only. The pro- gramme for two weeks will be prepared when the official schedule of the big events has appeared.

us Nikrent in the Paige, finished second in the Phoenix race.  
tively recover from the frenzied specu- lation of the past twelve months for at least five years, but the worst is over and conditions should be much better in 1915.  
"This year I frequently saw nine men on the field, while on the bench there were enough players to form two more teams. No club can be ad- dressed down with a pay roll like that and survive long.  
"That was a condition which not only threatened the business sound- ness of the game, but it worked a hardship on many players, while oth- ers took an unfair advantage of it. With so many men on a club, some of them did not feel particularly re- sponsible and were willing to let the others do the work. At the same time there were less-experienced men on the bench who were eager to get into the game, but had no chance. They were simply being held because the club owners did not dare to let them go.  
"I look for the majors to get down to twenty or twenty-one men. That means a flood of high-class talent for the Coast League."  
**MARAVILLE WEDS.**  
SPRINGFIELD (Mass.) Nov. 11.—Walter J. Maraville, shortstop of the world's champion Boston Nation- al League team, and Miss Elizabeth Renette Shea were married here today in the Church of the Sacred Heart.

breach of promise. Can she do this?  
Before I met her he was going with  
a very nice young lady whom I find  
I still love, and I know she cares for  
about breaking off with her she said  
she would never tell me anything more.  
ma. I have received several letters  
from her in which she asks me to  
come back to her. I will say no more  
that this other girl will carry out all  
threats and I do not care to get into  
any trouble with her. Would it be  
better if I told you what she has done  
lady whom I knew before, and would  
it be right for me to ask her for a  
ring which I had given her? She says  
to come back to her and she has a  
diamond ring which I let her wear? Please tell  
me what to do. TROUBLED.

Dear Miss Libbey:—I am so  
much tangled. I would advise quit-  
ting the girl whom you so rashly en-  
gaged yourself to, and make up your  
mind to marry the one who loves you.  
If she would force a man to wed her  
she was satisfied his heart was none  
other. Her behavior is so unbecom-  
ing if need be, then to yourself to  
life-long misery. As for the first  
sweetheart, better let her alone for  
the present, heading the

which says:  
It is well to be merry and wise,  
And to be kind to those who are true.  
Always be off with the old love  
Before you are on with the new.

Elegance Never Turns Out Well.

Dear Miss Libbey: I fell desperately  
in love with a young man who has  
been going to college. He wants me  
to elope with him. My family does  
not like him. I feel I am not ac-  
cepted. I have a good home. Please  
give me your advice. I am only 18.

No one who has true love in the  
heart could think of eloping, leaving  
a parent dear, and a good home, as  
you seem to do. You must not have  
less regard for you, if you took  
this step.

AURA JEAN LIBBEY.

**OUR CORNERS TO FIGHT.**

And it is all Over Eighty Acres Woman Mortgages and Government Consents Her Right.

A four-cornered contest for eighty acres in the neighborhood of Lancaster, in the Antelope Valley, was heard by the Register and Receiver of the United States land office.

The parties in interest were the government, Kate Freels, Walter S. Swartwout, and the Roberts Land and Improvement Company, the latter two intervenors.

It appears that Mrs. Freels filed on the land, and completed her final return, and the government was allowed to her. Later on it appears the land was mortgaged for \$500 to the Roberts Land and Improvement Company, and that she conveyed the property to Swartwout, who alleges that he had a mesne conveyance from her and that she conveyed the land to him. She signed several papers, the purport of which she did not understand.

Some time ago the government agents discovered that, in their opinion, Mrs. Freels had not complied with the law in relation to either the mortgage or the land cultivation, and the action was brought to recover the eighty acres from Mrs. Freels.

**MUST PAY PROMPTLY.**

**Compulsory Penalties Await Those Liable Who Don't Pay Emergency Tax.**

Collector Carter is making efforts to hurry up bankers, brokers, manufacturers of tobacco and others in internal revenue district number one, and not put the emergency revenue tax in arrears.

It was this the first of this month that the collector of the 9th int. compulsory infliction of penalties was effective the same day, and Collector Carter is making efforts to get the 10,000 liable persons in this district caught napping. He would much prefer that the sixth month of the year be made a maximum claim showing it established in the payment of the new income tax.

**FOURTEEN CENTS' CREDIT.**  
[LOCAL COPIES.]  
**HANFORD, Nov. 11.**—According to charges made against F. Diel by stock raisers in this county, it would seem that it makes no difference how Diel how low his bank account may hold out. Diel has been holding out written checks in payment for cattle and hogs aggregating something over \$100,000, and has been making no complaint save to by John H. Freeman, a fairman living near Lemmon, who has been making no complaint of the worth of worthless checks. Diel gave checks amounting to 1992 to J. F. Goulet and Manuel Camero, who were taken to court and released by Sheriff Farmer. In the first instance the two ranchers were taken to court and released through civil proceedings, but four of them in fourteen head sold to him to make good the balance of the remaining one are in pasture near Fremont.

SANTA FE PLANS AT THE BEACH

HOPE FOR BIG THINGS BEHIND OFFICIAL ACTIVITIES OF WATERFRONT.

(LOCAL CORRESPONDENCE) REDONDO BEACH, Nov. 11.—Santa Fe Railway was looking over the beach, especially the wharves, which given rise to the report that they template the purchase of wharves 2 and 3 from the Pacific Electric Railway Company, and will make a port terminal for the Santa Fe. To verify this report that the Santa Fe has purchased the wharves, a number of switches at the station and the location of a railroad yard were actually purchased by them.

PUBLIC UTILITY MOTOR BUS

SANTA MONICA HITS ON SOLVE PROBLEM OF TRAFFIC.

(LOCAL CORRESPONDENCE) SANTA MONICA, Nov. 11.—Monica has decided that the motor buses are public utility as such will have to be given the State Railroad Commission vote for at the election, which will be held on the 12th of the commission. The Monica obtain a legal opinion on this point matter. The Monica beach operators are trying to get some way for regulating the motor-carrying cars. The Monica Mayor Dudley thinks that the should be regulated as to the convenience of passengers. The Monica must be protected and kept in the proper manner, he says, "and reckless young men operators who carelessly and recklessly will be the ones to be punished. We need the motor bus, but they must be regulated."

WOMAN PAYS HEAVY FINE

SELLING LIQUOR AFTER SHE CAUTIONS ARRESTED.

(LOCAL CORRESPONDENCE) WESTMINSTER, Nov. 11.—Mrs. Clara Hagen served liquor to seven boys for drinking, and was fined \$100.00. The boys did not count on an into court here. The boys were arrested by the police. The boys were arrested by the police. The boys were arrested by the police.
